Happy Valentine's Day

Loveland Ski Trip, March 16th

Patty Troxell

Spring is on the way, so let's hit the slopes before the snow is gone. On Friday, March 16th, we will meet at 9 a.m. at the Loveland Basin Ski Lodge for coffee, snacks or breakfast. We will then hit the slopes at 9:30. We'll ski, have lunch, ski some more and then meet at the lodge for wine or beer before heading home. If you have any questions, please call Larry or Patty Troxell at (303) 579-3572 -- or see us at the general meeting.

MLK Snow Sports Day Chilling Success

Ron Gardner

LOVELAND BASIN, 6:00 a.m., Monday, January 15th. Temperatures: base area, -8; top of Chair 9, -30. Wind: Westerly, gusting to 25 m.p.h.

By 8:30 a.m., the base area temperature had improved to -4. Wind chill -- you don't want to know. LOVELAND management made the decision not to open Chair 9 (FYI, Chair 9 goes up to 13,010' and has a view worth the ride up).

Yes, it was a very cold MLK SNOW SPORTS DAY event. Still six members and three guests braved it to have an excellent day of skiing (no riders this year). Attending this year were members: Craig Williams, Roy Davis, Andy Mortenson, Larry Troxell, Patty Troxell and Ron Gardner. Guests attending were Bob Anderson, Sean Davis and Joe Medina.

1972 Datsun 240Z

This car has been a pet project for about 10 years. My original intention was to restore it as a commuter but a friend of mine got me interested in racing SCCA and the investment began! I had already restored the body to include fender flares, rear spoiler and a real fast red paint job. The interior was brought up to nice but not show quality. To make it a competitive vehicle we added a full race seat and harness, roll bar, Carrera suspension and a host of other options listed below. At the suggestion of other Z owners I contacted a gentleman in Salt Lake City by the name of Bill Breedlove. The same family that holds several land speed titles at the Salt Flats also races for Nissan (or used to). We pulled the 240 engine and had Bill build us a 280 and send it to us. The specs are given below along with the last known address of Mr. Breedlove. Depending on his record keeping skills, he may be able to confirm the work. I could go on and on but suffice it to say that it is a very fast car. I only raced it at four events but came home with trophies placing ahead of Porches, Vettes and other less prepared cars in my class. It's a lot of fun to drive but I live way out of town and have to negotiate about 2 miles of rough dirt road before I hit blacktop. After a few rock chips I parked it in my garage and have rarely
