SLOT CAR EVENT

by Mike Goddard

The last slot car event was so successful that a made for TV movie has been produced. Several members of ZCCC met up with some unsavory characters at Mark Barum's house and we had a great time. After about 4 hours of racing and tech talk we decided to do it again. **The next date for slot car racing is June 26th at 7:00 PM at Mark's house.** The address is 10007 West Evans, go south on Old Kipling St about 2 Blks. and turn right, Old Kipling is East of Kipling Blvd. There will be a Premier showing of the slot car made for TV at the next General Meeting.

600+ HP NISSAN SKYLINE GTR

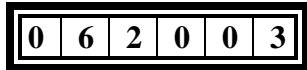

by Cher Givens

The **Guest Speaker Hans Romer** and his 600+ HP Nissan Skyline GTR. Hans shared his beautiful Skyline GTR with the group after we adjourned and proceeded to the parking lot. All of our Z's were represented in the parking lot, too. It was a real pleasure to be able to enjoy the workmanship of this race/street car. The car has one thing "wrong" with it; the steering wheel is on the right hand side. Hans says it is hard to make a left hand turn and to pass is a real challenge. We are hoping that he will join us at one of our track events so we can all enjoy the speed of the car. Thanks Hans for sharing your Skyline with us and for answering all of our questions.

Tynan's Nissan is the Official Sponsor of The Z Car Club of Colorado

Z Car Club of Colorado

From the President's Pen....

If you came to the General meeting on Wed. the 7th of May you were one of the privileged to see a '98 Nissan Skyline. That car is one of 60 Skylines in the United States. Hans Romer, the owner, was more than happy to answer any questions we had about the car. Since there isn't much identification on the car stating that it is a Skyline and not too many people know, what a Skyline is or what it looks like it is easily misidentified. Hans stated that more than once a young male in a "hot" Mustang stopped at a light, revved his engine and took off when the light turned green. When the two cars stopped at the next light the defeated Mustang owner said, "That's the fastest Sentra I've ever seen." There are not many Mustangs that can stay with a 650 HP Skyline. If you were motivated by the sight of the Skyline, Nissan will be selling them in the US in 2004. Thanks to Hans for sharing his car with us.

The Shelby American Collection tour was held on May 17th with a rather small turnout. In any case it was very interesting seeing some of the cars that not only won races but cars that were driven by some great drivers such as Mario Andretti, Dan Gurney, Phil Hill and others. The two gentlemen that were our hosts gave us lots of information and one even popped the hood of his 1966 Shelby Mustang GT 350. Besides being clean, it was interesting to see an engine that didn't completely fill an engine compartment. Ah, the good old days.

ZCCC's event at Second Creek Raceway will be held on Sat. June 7th.+ See last's months Odometer for registration and details.

The Cerebral Palsy Concours d' Elegance will be held on Sun. June 8th. If you aren't showing your Z stop by Arapahoe Community College on

Santa Fe in Littleton to see some fantastic cars and help fight Cerebral Palsy.

Happy Trails,

Dick

- Would like to feature a member's car a month in the Odometer. Need to send Chris a photo and story on the car. A laser printer is used for the photos and the quality is excellent.

- There are free Z parts in Idaho if you are willing to drive to Idaho to pick up the parts.

Webmaster – **Walt Caron**

ROCKY MOUNTAIN REGIONAL MEET by Mike Goddard

I'm sure by now most of you have seen the ad for the Rocky Mountain Regional Meet in SPORT Z Magazine. It was most gracious of Robert Bell, Publisher of Sport Z to work with us on this event.

The flyers have gone out to all the clubs near Colorado and the ad in SPORT Z should start bringing in registrants. I would like to thank all the members who have done so much for this project. The most difficult and most demanding part of this event is the registration. **Tammy Ellsworth** chairs the registration committee. Tammy will need help as the registrations start coming in. Please, don't be bashful volunteer before we have to ask. All of us involved with this event will be asking for volunteers as the event draws closer.

The **Regional Event Committee** will meet **June 18th, 7:00 PM** at my home at 1831 So Parfet Ct. (303-988-7859) At this time we will take

a look at where we are at with this event and finalize some last minute details.

Colorado State Patrol Race Track Event by Bob Bush

C.S.P track event is **July 12, 2003 from 8:00 am to 5:00pm**. This is a new location for our track events and should be a fun and safe place. (cops everywhere but no tickets!!) It's 1.4 miles with a turn that the Corvette Club does at 95 mph!! Our cars are lighter so 100 mph on same corner should be possible. The same rules and requirements will apply as any other track event. Located on Table Mountain on Camp George West near Golden so it's a little closer for those on west side of town. Come out and participate, help with corners or just watch and enjoy Z cars going fast, but please, **NO ALCAHOL!!** That would be a violation of track event rules and not very smart. (CSP TRACK).

This should be a fun not quite as twisty track for those who want more speed than Second Creek has to offer. See you there. I should have the blower car running by then lets all come out and see how fast a 30-year-old car can go!!!

Z Car Club of Colorado

Technical Inspection for Track Event by Roy Davis

Ladies and Gentlemen start you engines; it is time once again to get your car prepared for the up coming track event on June 7, 2003. We all need to look under the hood, kick the tires, and check the brakes among other items. The Z Car Club will hold a Technical Inspection prior to the track event on Sunday, June 1, 2003, from 10am to 5pm. The location of the technical inspection will be at Fortunate Wheelz, 11190 West Alameda Ave., Lakewood CO (303-798-9822).

A technical inspection form is included in the newsletter for you to use as a guideline for items to check. Many other items require a look see and this is the perfect opportunity to bring everything up to standards for the summer driving season. There is a second option if you are unable to make it on Sunday. **Call or email Roy Davis (303-445-3055, co300zxtt@hotmail.com) or Bob Bush (303-798-9822, fortunatewheelz@aol.com)** for an appointment to get your car inspected.

Remember there are only 50 spaces available and when they are gone you are sitting in the stands helmet in hand wishing you were out there. So, sign up soon for the track event. A registration form was in last month's newsletter or can be found and printed out at the Z Car Club of Colorado web site (ZCCC.org). **Don't forget I have spot for 50 and all technical inspections require my approval.**

Spring Track Event

By Gary Bracken

The spring track event sponsored by ZCCC will be held **June 7th at Second Creek Raceway near Denver International Airport**. 2nd Creek is a sinuous and compelling 1.7-mile road course with 9 turns. There will be four different run groups: Novice (including first-timers), Experienced, Advanced and Expert. Driving experience and level of car preparation will determine your run group.

All cars must pass a safety technical inspection, and each driver and passenger must wear approved clothing and a Snell-approved helmet (1985 or newer). If you are unfamiliar with technical inspection or clothing requirements, you **may contact Roy Davis (303-979-0711 home or 303-445-3055 at work; RDDAVIS@do.usbr.gov)**, Chief of the Technical Inspection Crew, with questions regarding the fitness of your Z for the track event.

Tech inspection for this event will be held in late May at a time and location to be announced in the May issue of the Odometer.

Alternatively, you may make a special appointment with Roy Davis to have your car inspected. Contact information for Roy is shown above.

Please contact Gary Bracken, Chief Steward, at gbracken@dimensional.com (or 303-969-9964) if you have questions on any other aspect of the June 7th track event. As always, the event will be limited to the first 50 entries. To assure your participation, please complete and mail the registration form (with your check) provided in this issue at your earliest convenience. Alternatively, you can download the registration form from the ZCCC website at www.zccc.org. Don't miss out on this exhilarating opportunity!

Free Car Parts 1973 240Z by Randy, a Nonmember

I've gotten an offer on my home in SLC and I will have to be removing the car parts. I'd rather give them away to a Z-car lover than some local foreign car parts place. Here are the parts available from my 1973 240: engine and trans strapped to an easy roll about frame. - great rebuild, only had a weak #6 cylinder. 128,000 mile on it; R180 diff; drive shaft; original spare - never used; radiator - no leaks; heater core; headers - thermo tec wrapped; custom exhaust for headers - thermo tec wrapped;

If you are interested, I can make arrangements for my neighbor to let you into the garage and shed for the parts.

I also have a 4bbl intake from Arizona Z and a 390 holley 4bbl but I'm having my neighbor ship them to me. I joined a Z car club in Richmond and might be able to find a buyer for it. Unless you know of someone who was thinking about going that route. It really cured my hot restart problems and cleaned up the engine bay. My work number is **804-675-6750**. I'll only be there thru the end of Wednesday then I go on a road trip to Atlanta for a week.

280ZX ENGINE, complete block and head, no manifolds. Unknown damage from ingesting water. Ran but knocked. **FREE** to anyone who wants to haul it all away. **Larry at 303-972-3324.** (Ad last posted July by member)
