Get Your Z Up The Pass by Patty Troxell

It's time to get your Z up the pass. On **Sunday, July 27th**, we have a day trip planned to Fairplay for the Annual Llama-Burro/Craft Bazaar. This year we are going on Sunday to watch the burros' race, visit the antique shops and food vendors.

We will leave from the AVOCA Park-N-Ride at the southwest corner of Hampden (hwy 285) and Wadsworth at 8 a.m. Our drive will take us on hwy 285 to Fairplay, with a short stop at the Safeway store in Conifer. Arrival time in Fairplay will be around 10a.m. To avoid the crowds we will take the north entrance in to Fairplay and park near the school, which is one block north of Main Street. Colorado Springs members are welcome to meet us in Fairplay. Departure time back to Denver will be around 2 p.m.

Please bring your 2-way radio and set your dial to 5.30. Since the altitude in Fairplay is 10,500 feet, the weather can change quickly so bring a jacket or sweater, just in case. Don't forget the sunscreen.

If you have any questions, please see Larry or Patty Troxell at the July general meeting.

From the President's Pen....

ZCCC's event at Second Creek Raceway was held on Sat. June 7th. The weather, although it looked rainy first thing in the morning we never got a drop. In fact, after 10:00, it was fantastic. The other good news is that we made some profit even with ZCCC's lower than usual turn out.

After Second Creek, some of us got to go home and clean our cars for the Cerebral Palsy Exotic Car Show held at Arapahoe Community College on Sunday. As usual **Roy Davis** got first in class with others placing 2nd, 3rd, 4th, & 5th. There were 300 fantastic cars and \$34,000 was made to help fight Cerebral Palsy.

At the June general meeting John Arnold, President of CMC (Colorado Motorsports Council) started-off his presentation by giving everyone a history of racetracks controlled and used by members of CMC. He then told us that Second Creek would probably be closed by the end of the race season in 2004. To he then went into details as to what is being done to replace Second Creek. The June meeting minutes have more information. Basically, each club in CMC is going to have to support CMC if they wish to use Second Creek as they have used it in the past. This includes in ZCCC's case traditional dates of usage, lower costs than non-CMC members and a say in how the racetrack is run. CMC is asking for \$15,000 from ZCCC to help build a new racetrack facility. This money will be required when CMC will be closing on the property. Approximately, fall of next year. A committee of ZCCC members will be formed that will come up with ways to raise this amount of money.

*Happy Trails,
Dick*

Meeting Adjourned

History of the Colorado Motor Sports Council by Cher Givens

Denver wanted to deal with one entity and not each individual organization that wanted to use the new track, so in 1995 the Council was organized to run the new track at the old Stapleton Airport. The Council ran the Stapleton track for three years before the track was terminated for new homes. Second Creek Track became available to the Council when the then owner wanted to sell the track. The Council had to come up with money to acquire the track and went to the groups that it represented to get the needed funds. The groups were: SCCA, Porsche Club, Motorcycle Club, Vintage Car Club, and the Multi-car Group which the ZCCC is a member. Each group was asked to donate \$20,000 toward the purchase of the track. Second Creek is in its 5th year under the direction of the Council. Second Creek is on a use permit from Commerce City and the permit expires November of 2004. The Council will be able to ask for an extension of the permit in April of 2004, but the expectation is that it will be denied because of the community development of the new city of Reunion that is growing around the property. A developer has already offered \$5million for the property.

There is a need to build a new track and the Council has been actively looking for property to do so. The new property needs to be: 1) close to Denver so it can be used for day events; 2) needs to have a permanent zoning permit or the council will not be able to go to a bank and acquire a loan. Banks will not give loans for a use permit; 3) it must stay a non-profit track; 4) keep the same management structure; 5) build with what they can afford. Looking at purchasing 200 acres and putting two tracks on the property with one track similar to the Pueblo track and the second similar to the Second Creek track. With two tracks, they would be able to run two events simultaneously. The structures at Second Creek can be moved to the new facility lessening the costs to rebuild needed buildings. The amount needed to purchase the land and build the tracks is somewhere between \$2.2 and \$2.5 million dollars. Right now, the Council has a civil engineer, CPA and other legal help, but they are looking for others to donate their skills in helping with all the legalities. Right now, the Council has a \$1.5 million line of credit with a bank and has a history in good standing with banks because of cash flow from Second Creek. The Council still needs to come up with \$700,000. They are hoping to make \$200,000 from the Second Creek Track to put toward the

purchase and asking each group within the Council to come up with \$100,000.

The ZCCC would need to come up with \$16,000 as their part of the Multi-car group. John presented the information for discussion and for the group to have further discussion later. The ZCCC is a charter member of the Council and would keep all privileges of that membership, which means lower costs to the Club. John then took questions.

Colorado State Patrol Race Track Event by Bob Bush

C.S.P track event is **July 12, 2003 from 7:00 am to 5:00pm**. This is a new location for our track events and should be a fun and safe place. (cops everywhere but no tickets!!) It's 1.4 miles with a turn that the Corvette Club does at 95 mph!! Our cars are lighter so 100 mph on same corner should be possible. The same rules and requirements will apply as any other track event. Located on Table Mountain on Camp George West near Golden so it's a little closer for those on west side of town. Come out and participate, help with corners or just watch and enjoy Z cars going fast, but please, NO ALCAHOL!! That would be a violation of track event rules and not very smart. (CSP TRACK).

This should be a fun not quite as twisty track for those who want more speed than Second Creek has to offer. See you there. I should have the blower car

running by then lets all come out and see how fast a 30-year-old car can go!!!

For registration form, see next page 7.

Spring Track Event

By Gary Bracken

The spring track event sponsored by ZCCC will be held **September 6th at Second Creek Raceway near Denver International Airport**. 2nd Creek is a sinuous and compelling 1.7-mile road course with 9 turns. There will be four different run groups: Novice (including first-timers), Experienced, Advanced and Expert. Driving experience and level of car preparation will determine your run group.

All cars must pass a safety technical inspection, and each driver and passenger must wear approved clothing and a Snell-approved helmet (1985 or newer). If you are unfamiliar with technical inspection or clothing requirements, you **may contact Roy Davis (303-979-0711 home or 303-445-3055 at work; RDDAVIS@do.usbr.gov)**, Chief of the Technical Inspection Crew, with questions regarding the fitness of your Z for the track event. Tech inspection for this event will be held in late May at a time and location to be announced in the May issue of the Odometer.

Alternatively, you may make a special appointment with Roy Davis to have your car inspected. Contact information for Roy is shown above.

Please contact Gary Bracken, Chief Steward, at gbracken@dimensional.com (or 303-969-9964) if you have questions on any other aspect of the September 6th track event. As always, the event will be limited to the first 50 entries. To assure your participation, please complete and mail the registration form (with your check) provided in this issue at your earliest convenience. Alternatively, you can download the registration form from the ZCCC website at

www.zccc.org. Don't miss out on this exhilarating opportunity!

For registration form, see next page 8.

Technical Inspection for Track Event

by Roy Davis

Ladies and Gentlemen start you engines; it is time once again to get your car prepared for the upcoming track event on **September 6, 2003**. We all need to look under the hood, kick the tires, and check the brakes among other items. The Z Car Club will hold a Technical Inspection prior to the track event on Sunday,

June 1, 2003, from 10am to 5pm. The location of the technical inspection will be at Fortunate Wheelz, 11190 West Alameda Ave., Lakewood CO (303-798-9822).

A technical inspection form is included in the newsletter for you to use as a guideline for items to check. Many other items require a look see and this is the perfect opportunity to bring everything up to standards for the summer

driving season. There is a second option if you are unable to make it on Sunday. **Call or email Roy Davis (303-445-3055, co300zxtt@hotmail.com) or Bob Bush (303-798-9822, fortunatewheelz@aol.com)** for an appointment to get your car inspected.

Remember there are only 50 spaces available and when they are gone you are sitting in the stands helmet in hand wishing you were out there. So, sign up soon for the track event. A registration form was in last month's newsletter or can be found and printed out at the Z Car Club of Colorado web site (ZCCC.org). **Don't forget I have spot for 50 and all technical inspections require my approval.**

For technical inspection form, see next page 9.

DRIVER INSTRUCTIONS: This is not a wheel-to-wheel race event! PASSING IS NOT PERMITTED except on the front straight. If a driver closes on you from behind, you must, at the beginning of the front straight, put your right turn signal on (or signal by hand out the window) for him/her to pass, and slow down until he/she has done so. Drivers who do not yield and signal and slow down at the top of the front straight when approached from behind will be black-flagged off the track. Drivers who pass without a signal will also be black-flagged. Only persons 16 or older with proper clothing (long cotton pants/shirts, non-plastic/vinyl shoes) and helmet will be permitted on the track (including passengers).

The Chief Steward and the Starters will black flag anyone who appears to be engaging in wheel-to-wheel racing, driving unsafely, driving too close to the car in front of them, or failing to comply with flag or other instructions. All drivers will be required to do their share of corner work. The Chief Steward's decision on any matter is final.

I have read and understand, and agree to comply with the above instructions and any others given by the Chief Steward or his designee. I have inspected the above automobile and believe it to comply with all safety requirements. I understand and agree that this inspection by ZCCC is not a certification by the inspector or by ZCCC that the above automobile is fit or safe to drive.
