## President's Corner

December 2011

Greetings from your new President!

Hello Everyone! I hope you had a great Thanksgiving! We sure did. It was nice to have some special time with the family. I guess the turkey wasn't too thrilled, but he was there too. With the upcoming holiday season just around the corner, please take some time and reflect on the season. However you choose to celebrate the Holidays, I hope you can make it a meaningful experience for yourselves and others around you.

The up-coming Holiday Toys-for-Tots party will provide a good chance to share with some kids that won't have as nice of a Holiday without your thoughtfulness. I hope you can make it to the party! I will be out of town but I promise I'll be dropping off a toy in a local 'Toys for Tots' bin before we leave on vacation. Maybe a few --- there isn't a limit as I remember. :-)

Thanks Nate and Cheryle, for opening your home every year for this wonderful event.

I'll be in Florida for the December meeting, so please accept my best wishes now, to all of you this Holiday. I'll see you in January where we can move forward in organizing the activities for 2012. Please feel free to express your ideas of events you think might be fun.

Merry Christmas, Happy Holidays, and Happy New year to you all.

Scott Guthrie  
President ZCCC

## How to organize an event for ZCCC

by IRA SANDERS

You may be asking yourself "How do I do this? How did I get here? Is this really my beautiful car?" Well, after apologies to Talking Heads, here is how you do it.

You want to think about what interests you. What really interests you! Chances are that a good number of ZCCC members have the same interest or are really curious about your interests once they know what they are. After you pick an activity like a Zunday Drive, or a car exhibit destination, or a weekend trip with interesting drives and destination, or ... You get the idea and that's when the planning starts.

Pick a date far enough in the future to give yourself time to get your date on the ZCCC calendar and solidify the idea by figuring out the nuts and bolts of the event. To get your date on the calendar you need to talk to (or email) the VP of the club to choose your date and make sure no one else has already taken your date for their event. The VP will then put it on the calendar. Then comes the nuts and bolts.

## MLK Snow Sports Day

January 16, 2012

ROY DAVIS

The 12<sup>th</sup> Annual Martin Luther King Snow Sports Day will happen January 16<sup>th</sup> at Loveland Ski Area. There should be plenty of snow and maybe more than some of us desire.

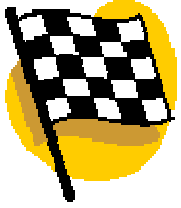

We will meet in the main lodge cafeteria located on the second floor before 9:00 am to prepare for the day. Breakfast can be had for those who are up early. We will hit the slopes about 9:30 am and break for lunch about 11:30 am. If you didn't meet us in the morning look around for us in the cafeteria area at lunch time.

We will ski anywhere to meet the ability of those attending from Cat's Meow, Mambo, to Primer & Patrol Bowls. Come dressed for any type of weather as it could be cold and blowing to a wonderful sunny day who knows till we get there. We will end the day with everyone's legs burning and ready to call it quits.

Tickets can be had for \$59 at the ski area \$45 for seniors (you know who you are). Discount coupons can be found at different places. Do a Google search to get the best deal. For the first four of you to contact me ([co300zxtt@hotmail.com](mailto:co300zxtt@hotmail.com)) I have a 4-Pak of tickets I will sell for \$35 per ticket as my son's won't use them this year. Both are down and out for the year with shoulder and knee surgery.

Members, potential members, family, guests, snow bunnies, and yeti's are all welcome to this event. We will have lots of fun before the days thru. So, join us at Loveland Ski Area January 16. Questions email me above.

## Forney Museum of Transportation Wrap up

DARREL HOFFMAN

Forney Museum of Transportation has a wide variety of modes of transportation, from bicycles to the huge steam locomotive called the Big Boy. Planes, trains, automobiles, motorcycles and bicycles and maybe one or two tractors thrown in. There is something here for everyone.

Some exhibits you can sit in and have your picture taken. The Falcon club had an exhibit while our group was there and had some fine examples of the Falcon line of cars and trucks.

Thanks to Darrel for the photos from the Forney Museum

## How to organize an event for ZCCC

Continued from pg 2:

How long will it take to get to the destination you have in mind and how long to eat when we get there or do you need to plan to eat somewhere along the way? What time and where do you need to meet to start the trip so there is enough time to get to your destination allowing for the drinking and disposing of coffee and such? Is there an outstanding route going and an even better one coming back? You can always turn everyone loose so the return is at everyone's own pace, or not. If you choose not to let them loose, it may be like herding cats on the way back depending on the route. Rest stops will generally take twice as long as you would normally plan for especially if there is a coffee shop/Safeway/King Soopers involved so take that into consideration.

If it's possible, you should do a dry run of the trip to map out rest areas and other convenience stops. Doing a dry run will also help you find any little detours you may want to plan along the way. I did a dry run of the Wondervu trip last year and found that I needed to reverse the routes so that the timing for lunch was better. You never know what that dry run will reveal and you can scope out the necessary parking for the group for stops as well as the destination.

When you have settled on a date and a plan for the event, write an article for the Odometer to tell everyone about your fantastic idea and why they should plan on coming. The longer the lead time for the article the better, but you need to get the article in the Odometer at least 2 months before the event. To receive points for sponsoring an event, the event does need to be in listed in the odometer for a minimum of 1 month. If this is going to be an overnight trip, a longer lead time is advisable so people can make their plans to attend. If it is an overnighter, see if you can get special rates and a block of rooms set aside for ZCCC. Many places will set aside a block of rooms and hold them until a couple of weeks before the event for our members. If the destination is a restaurant, it's always advisable to make reservations and confirm the number with the restaurant the morning of the event unless of course the destination eating place is McDonald's or Wendy's. No reservations required there. When you plan events with meals you should pick places with diverse menus if possible as not everyone likes Chinese Pizza. If it would take you a 1/2 hour to eat at a fast food place, allow an hour for the group. The same goes for sit down meals. On occasion, it may be in the best interest of time not to have reservations and have everyone break into small groups.

If you would like to sponsor an event that someone else has sponsored in years past like the Banquet or Chili Cook-off, contact that person to see if they would let you take it.

So, there you have it. Some of the nuts, bolts and washers of putting on an event. If anyone has questions about the subject, you can contact me by email: [zroadrunner@q.com](mailto:zroadrunner@q.com) or by phone: 303-278-7172.
