## PRESIDENT'S CORNER

The afterburner works!!! After hours and hours of failure trying to wire things up it's ALIVE! Even at O'Toole's, I had the polarity reversed and POP it blew another inverter. How embarrassing. Big FYI, just because you're working with DC current you can still set things on fire if it's wired wrong. The Batmobile received the first public test at the Eastern Retirement show this last weekend. Directly behind the Batmobile was a bouncy castle full of kids. As soon as the smoke started rolling out it cleared the bouncy castle and the kids swarmed the car. Now, why kids out of curiosity would stick their hands in a smoking exhaust port and then smell it is beyond Stacey and I.

I've also been looking for a way to protect and or discourage people from touching parts, opening doors, and generally fondling the paint for over a year at car shows. Short of putting up stanchions I've copied a trick of propping the doors open with two metal rods. This encourages especially kids to peek inside without having to open doors or climb up the doors to see inside. I'm even more excited about a remote controlled speech system that I've designed to make the car talk. I have it programmed to say info about the car and 'Please stop touching the Batmobile.' I have even programmed it to be like a puppet and say whatever I want being controlled by my own voice. I'm not sure how effective it will be. We'll see this weekend when I can test it out in public and sit back and watch kids and adults freak out when the car talks to them. If it doesn't work I've been getting more positive feedback and encouragement on the supersoaker idea. Now if Stacey will just let me buy one :(

### Sky Sox Baseball Game

When: Saturday, September 5, 2015 from 6:05 p.m. to 9:05 p.m.  
Where: 4385 Tutt Blvd, Colorado Springs, CO 80922  
Host: Scott Guthrie (719-338-2261)

**Hey all, it's the third annual 'Take me out to the Ball Game' time soon!**

How about a nice relaxing summer Saturday evening picnic at the ball park? Like the last two years, we are doing it again! This time, it will be an evening game with dinner included.

The Sky Sox team in Colorado Springs will be playing the New Orleans Zephyrs, on Saturday September 5<sup>th</sup>.

This year, we will be attending the annual Sky Fest game complete with a great fireworks show following the game. In addition, there will be some Batman (not ours) and Superman entertainment. Here is a teaser video posted on YouTube. <https://www.youtube.com/watch?v=rWrFrqeY4lE&feature=youtu.be>

Our one price includes a fully catered dinner (Hot dogs, Fried Chicken, Hamburgers, Pulled Pork Sandwiches, Potato Salad, Macaroni Salad, Cookies, Potato Chips, Drinks...) served buffet style, with tables and chairs (picnic tables) with room to move around. The Batman theme show, fireworks and parking is included in the package price. Oh yeah, for those interested, there will also be 9 innings of baseball going on!

Full package price is only \$26.00 per adult, and \$17.00 for those 12 and younger. (2yrs. and under are free)

SO, mark September 5th on your calendar. Sign-ups have already started, so let Scott know if you're interested in attending. Every year, this special event sells out, and we have 30 tickets reserved now. We may be able to get more, but don't wait.

Where else can you watch 'America's Pastime' with free parking, a fully catered dinner, a show and fireworks for \$26.00? Not anywhere in Denver I'll bet!

Oh yeah... We get our club name announced and put up on the scoreboard too! Fun stuff!

interior, right-hand drive. 160-hp, DOHC, 2.0-liter inline-six; five-speed manual transmission. One of about 420 examples made exclusively for the Japanese market. A one-owner car with very good paint and good chrome. The interior has been well looked after.

The Z 432 is the holy grail for collectors of Japanese cars. You might think of it as a celebration to

concept. Yes, the Z 432 looks just like a Datsun 240Z, but think of it as a factory-built hot rod and it's easier to understand. This 2.0-liter engine comes from a special Skyline GT-R of the era, and it delivers big power from a 24-valve cylinder head and three Mikuni carburetors. Sold for well over its presale estimate at RM Sotheby's, the "how come so much?" question is answered in two words: Find another.

Editor's Note: I'd take this over the Z/SUV cross over they're considering any day!
