PRESIDENT'S CORNER

This month I decided to take on a project that has been at least 10 years in the planning. I used to own an older Porsche (I know, it's not a Nissan) and considered putting a classic wooden steering wheel in. Fast forward to today. While researching what steering wheel is in the new Batman v Superman Batmobile (an upside down Ferrari F1), I ran across a couple of videos on how to do it on YouTube. I purchased the hub adapter and a new racing wheel and it actually was really easy to install. The kit I bought came with all of the wiring for the horn and the airbag. 2 bolts to remove, 1 nut to loosen/tighten back up, 5 wires to connect, 6 screws for the new wheel and it was mission accomplished! I wish I could say it was a 15 minute job (it should have been less) but I decided to video the process and did an extra step of DIY wiring that I ended up not having to do. As a side note: In Colorado if you don't swap your OEM steering wheel back (w/the airbag) when you go to have your car inspected they could fail you. If you **only** use your car at the track or do the drive-by emissions inspection you will be fine. This does delete your airbag and cruise controls so if you need either then this is not a project that you want to do. I plan on installing a 4 point harness in my car to replace the need for an airbag and rewiring the cruise controls (that I never use) into my shifter at some point.

PRESIDENT'S CORNER (continued)

Stacey and I had a couple of events this month. The first was to help promote a charity event for a local school fundraiser. We both showed up at the school, visited some of the classrooms, and greeted the kids and parents to promote ticket sales as the kids were leaving for spring break. The theme of their dinner gala event was superhero themed. We were asked to attend the gala for free as thanks for helping raise over \$15,000 dollars for their school. Our second event was helping a local comic book store with their local artists event. It snowed... and snowed... and snowed. We had committed to helping so we prepped both cars and attended despite the weather. Thank goodness most of it didn't start to stick on the roads until we started to head out.

May is officially the 8th month of our club's fiscal year, and with that starts the process of election season. Many changes are due to happen, especially this year. I'm wrapping up my 2nd full and almost 3rd term, and Don is wrapping up his 2nd full term. The President and Vice President may not serve more than two consecutive terms in the same position. So the President and VP positions will be without an incumbent running this year. I have a feeling that some others will be stepping down or moving around as I think everyone on the board has, in some capacity, served multiple years. We'll be starting to form the nominating committee in June and Stacey will be publishing the list of duties for each board member position this month. Each position is considered open for running and we will be accepting nominations at the August meeting. Voting for the new board will be at the September general meeting.

TO THE BATMOBILE!

Bicycle Ride

When: Saturday, June 11, 2016 from 9:30 a.m. to 1:30 p.m.
Where: Centennial Park to Platte River Bar & Grill
Host: Andy Mortenson (303-359-0216)

Saturday June 5th is time for the ZCCC annual bike ride. Last year's ride proved to be so popular that we're going to do it again. We'll meet at 9:30 AM at Centennial Park, which is located on the north side of Union Avenue about a quarter mile west of Santa Fe Drive just beyond the Platte River.

We'll ride out Big Dry Creek Trail to the Highline Canal and then South to the C-470 trail. We'll head west along C-470 trail to the Platte River Trail and then North to the Platte River Bar & Grill for lunch.

The Platte River Bar & Grill is located across the street from Arapahoe Community College. After lunch, it's a short ride up the Platte back to Centennial Park. This ride covers about 21 miles, but there are no significant hills to climb so it'll be fun. Please call Andy Mortenson if you have any questions.

Z Car Club Fun Run Event at High Plains Raceway

When: Saturday, June 25, 2016 from 6:45 a.m. to 5:15 p.m.
Where: High Plains Raceway, 93301 U.S. 36, Deer Trail, CO 80105
Host: Darrel Hoffman (720-273-4385, dlh2460@aol.com)

Thanks again to Boulder Nissan and Jason Purdum for sponsoring the track day. Corners workers will be provided. There will also be a night guard for Friday night in case you would like to camp out the night before.

Get your car ready for our first fun run of the year. If you haven't been to our track events you are missing out on a lot of fun! You can still take your car out on the track for our parade laps during the lunch break. Don't miss out on the fun!

This is not a racing or timed event, no wheel to wheel racing, limited instruction. Get your car out there and see what it can do, or just go around at your own pace. There will be 4 different run groups.

Send in your registrations and please make one of our scheduled tech sessions.

TECH SESSIONS TBA

Let's get our cars tech'd prior to track day as it will save you and I a lot of time that morning of the event. It is an hour and fifteen minutes from my house to the track. Take my word for it you will like having tech done early. Besides it is a long way to the parts store to correct some minor problem.

If you have any questions, please contact Darrel Hoffman (720-273-4385, dlh2460@aol.com)
