PRESIDENT'S CORNER

Oh how 2 years and 9 months have flown by! We've come a long way as a club. First, the website. Some of these you might know, some might be a reminder they exist. What started as creating security for a protected member's-only section turned into: (1) Moving the website 3 times along the way (imagine packing up your entire house and moving) (2) Made 3 major updates (imagine painting your entire house - inside and outside), which has improved the speed of our site by 400%. (3) We now have a calendar system that also lists all of our events on Facebook as well. These local events can also be seen on Eventbrite which has resulted in some additional memberships. (4) On-line method to pay for events like the track, renewals, and new memberships. (5) On-line odometer ad submission and payment. (6) Complete archive of all of our past odometers. (6) Quick access to Active member point totals. (7) A faster membership directory/centralized membership information (before membership data existed in multiple places). (8) Membership cards are now available instantly online to print. (9) Online business directory which is searchable by the type of service members are looking for (Ira/Tammy used to manually

update this list *every* month in the odometer). (10) If someone registers as a new member online they immediately have access to membership benefits.

Updated processes for the club:

New members sending in checks for new registrations and renewals now have faster processing due to electronic deposit vs. what could have taken up to a 1 ½ months to process in the past. The board used to have to get general membership approval for most expenditures, now the board can approve most items up to \$1,000. Elimination of Google Groups/Blasts that used to allow anyone to send e-mails (no matter the subject matter) to the entire club. ZCCC board conference calls - we used to have to fight through traffic to get to board meetings on time and try getting 8 people from every direction to get there. Eliminated 80% of mailed newsletters.

PRESIDENT'S CORNER (continued)

Paying for the banquet for active members (as a way of giving back to a fiscally healthy club). I'm sure there are many more things I'm forgetting.

And finally, a big thanks to all of you. Those of you that have stood beside me, stood up for me, supported me, and even those that didn't. Each of you have pushed me in one way or another to be a better President, do more, and ultimately the club has benefited from this. Hopefully the progress we've achieved will help this next board and the club of the future. Here's to your continued fun and safe travels in one of the best cars ever made!

To the Batmobile, signing off...

Tom (aka Batman) Ziegelbauer, Former President 2014, 2015, 2016

EVENTS

How to Host an Event

To host an event, email the Vice President with the following information: When, Where, and a full event description. Once approved, the Vice President will post the details on the ZCCC website and EventBrite. The event information will be copied into the Odometer two months prior to the event and the month in which the event occurs. Events will not be accepted without the above requested information.

INCOMING PRESIDENTIAL GREETING

A Quick Note from your President-Elect

Hello Everyone!

I am very excited about representing all of you as the incoming president for 2017 and am looking forward to a great year with all of you.

I have been thinking of what might be some club priorities for next year, and have come up with a couple. That's of course, without considering what's currently on the current boards plate. I am sure we will have a lot of fun challenges to meet.

Please remember, every club member has a voice so as always, please let any of the board members know what you are thinking. It's all of our job to communicate. I have no doubts we will continue to do that as always.

Anyhow, I'll see you all at the Banquet or at least somewhere down the road.

Stay under the radar.
Scott Guthrie – CCCLXXZ
