As I'm sure you all know by now, ZCCC is having a Fun Run at the State Patrol track located in Golden. There are details elsewhere in the Odometer. Come on out and have fun driving your car in a safe and controlled environment where you get to go fast. We always need volunteers and it is easy. This event is open to non-Z Club members too, so invite your friends.

At the August 1 meeting we will be taking nominations from the floor for positions on the Board of Directors. You can nominate any member in good standing for any position on the Board. The election will be held at the general meeting in September, which, is being held at the Crafty Fox, 3901 Fox St, which is near the mousetrap (I-70 and I-25). Diana Inberg has decided to leave the Board after many years of service to the Club, but we are fortunate that a new member of the Club, Travis Scott, is interested and said that he will run for the position of Interclub Liaison, which is the position that Diana held. I'll be nominating him for the position at the next meeting. Help me welcome him to the Club.

Many of you know that we have had problems of late getting quality name badges. We have found a new local supplier that uses the UV Printing process for the badges which is far more Eco-friendly than the usual wet ink process and has better color, at least from what I have seen. The cost will be about \$13 for a badge with a magnetic backing. That's about what the old badges were getting up to.

As mentioned above and elsewhere in this Odometer, the September meeting will be held at the Crafty Fox at 3901 Fox St., Denver. You can find their menu here: <https://craftyfox.beer/#menu-section>. The reason we have had to move the meeting is the music festival that is going to be held at Overland Golf Course in September.

President's Corner continued from pg. 2

Our 34th Annual banquet will again be held at the Pinehurst Country Club. The Board is working on making the Banquet more affordable as prices have skyrocketed in recent years. I think we are succeeding in this endeavor.

A member has suggested that we look at White Fence Farm in Lakewood as a meeting place. I'd like to get some feedback from the membership on this subject.

Don't forget to check out the clubs two new vendors on the business list.

Z Car Depot <https://zcardepot.com/> and Banzai Motorworks (there is an attached. pdf with list of part prices) <http://www.zzxdatsun.com/>.

I'll see you all on August 1 and at the track on August 4.

We have just learned of the passing of club member Bill Barton. Our heart felt prayers go out to his wife Jacki and the family. Ira

"Recognizing the Protection of Motorsports Act."

H.R. 350/S.203 2018

SEMA.ORG

"The RPM Act is common-sense, bi-partisan legislation to protect law-abiding citizens who convert cars, trucks and motorcycles into racing vehicles. The bill clarifies that it has always been legal to make emissions-related changes to a street vehicle that has been converted into a race-car used exclusively in competition. It also confirms that it is legal to produce, market and install racing equipment.

In July 2015, the EPA issued a proposed regulation declaring that the Clean Air Act prohibits converting a motor vehicle into a racecar. Manufacturing, selling and installing race parts for the converted vehicle would also be a violation. Although the EPA did not finalize the proposed rule, the agency stands by this interpretation. SEMA contends it contradicts 45 years of previous EPA practice.

Converting street vehicles into dedicated race vehicles is an American tradition dating back decades which has negligible environmental impact. While California is known for having the strictest emissions laws, the state exempts racing vehicles from regulation.

There are about 1,300 race tracks across the country. Most cater to thousands of organized amateur racing events which involve converted vehicles. These drivers, race teams and spectators—all help drive local economies. They fill up motel rooms and restaurants, shop at local stores. These activities translate into tens of thousands of jobs and billions of dollars in economic activity, including about \$1.6 billion in annual sales of racing equipment.

The RPM Act does not interfere with the EPA's authority to enforce against individuals who illegally install race parts on vehicles driven on public roads and highways and the companies that market such products. This is called tampering and is a clear violation of the Clean Air Act.

The RPM Act will provide the racing community with certainty and confidence in the face of an EPA regulatory action that threatens to devastate an American pastime and eliminate jobs in our communities. "

To send a message to your Senators and Representative to ask them to support the RPM Act,

Down to Earth Days 2018 Adams County Fairgrounds

Palisade Winery Tour

Sky Sox Wrap Up

Thanks to everyone that attended. It was a great drive down to the Springs, and we enjoyed each others company. The game came to a halt after 4 innings when a thunderstorm rolled over us. By 8:30 we all left the stadium and headed north. At 11:00pm Ira found out the game was tied at 3 apiece, top of the 8th. Sometimes the ball just bounces wrong!

Western Slope Wrap Up

July 20, 2018 to July 22, 2018 and longer for some members

Friday morning 12 members, 6 cars and our dog, Bella, met at the home of Ira and Tammy and drove with brief stops to Palisade, Colorado for a wine and barrel tasting at Whitewater Hill Vineyards. We then met back up for dinner at Rockslide for a very excellent dinner and a walkabout on Main Street in Grand Junction.

On Saturday we went to five wineries which included in depth barrel tastings at 3 of the wineries. They were informative and tasty. We all learned quite a bit about wine making from Bennett, the owner and winemaker at DeBeque Canyon Vineyard. We dined on Mexican food for dinner that night.

On Sunday we had a very enjoyable and educational tour and wine tasting at Two Rivers Chateau. Afterwards, some of us went to the Colorado Monument and some of us went for a drive through the Grand Mesa.

It was a sizzling three days of drinking wine, eating good food and enjoying each others company and friendships. Nate, Bella and I thank you all for joining us.

We are in the process of getting our home ready to sell. I have 30 Sport Z magazines encompassing the years 1996 - 2003 and 11 Nissan Sport magazines years 2007-2008. I also have repair manuals for 240Z and 280ZX including a rare 1972 240Z Service manual (Chassis and Body) which sells for \$200-\$250 on ebay. I would sell mine for less than that. Here is what I have:
