Gran Turismo

By Andy Mortenson

Gran Turismo is a movie based on the true story of a young Englishman named Jann Mardenborough. The film is the ultimate wish fulfillment tale of a teenage Gran Turismo video game player whose gaming skills won a series of Nissan competitions to become an actual professional driver on the Nissan racing team. In a satisfying twist, Mardenborough, who has gone on to a successful career as a professional racer, serves as stunt driver for his own character.

I saw this movie in the theater when it came out last year and it was very good. I thought that other members of the club might enjoy seeing it as well, so I came up with the idea of having a movie night as an event. I've obtained a DVD copy of the movie and Tiffany Gordan has a portable movie screen and a player that can project images onto the screen. All we need now is a place to show it. Some place that could accommodate 10 to 15 people, like a large den or family room, or even a heated garage might work. If you have, or know of such a venue, please contact Andy Mortenson.

Odometer Notes

Continuing to look for photos below to show off your Z projects. It's coming up on driving season. If you have any recommendations for great locations, please send them in. Now's the time to start planning drives.

1st request: Please send photos of your Z projects for the March Odometer to odometer@zccc.org.

2nd request: The Odometer isn't about the editor, it's about the club which is to mean its members. Got ideas? Send them to me. Want to add an article you wrote? Send it to me. Found something amazing you want to share? Please do!

3rd request: Please send me a writeup about yourself and your car with a couple of your favorite photos. We've had this in the past and I want to make the "Meet Your Members" a routine section, and it's a great way for new members to introduce themselves. It's also a great way to talk about what you enjoy doing with your Z.

4th request: Please send me ideas for easter eggs to put in the odometer. I'd like one in each edition.

5th request: Please send me ideas for technical content that will benefit our members. For example how to replace a fuel pump, upgrade a light, fix the convertible top in a 350z, etc. Links to articles and resources also works, and I'll figure out how to work them in. Most likely as a "Hey did you know about this?". This can also be how you approached doing something. We have several members deep into rebuilding and restoring their Z. Please send me an article on what you did, what you learned, what you would do different in the future, or just show off the awesome work you did. Got a project going? Tell us about it. Need help? We can put that in here. A paragraph can be fine if that's all it takes.

6th request: Please send me great locations to visit, places to see, to take a great photo of your car, and include why it's a great spot. Surely someone knows what the best tunnel in Colorado is for hearing your car?

Important information:

- Any content that goes into the Odometer needs to be written, captured, or owned by our club and our members. This means we cannot use articles, photos, images, or other content from external sources without the express *written* permission of the content owner. The exception being public domain and content with certain licenses allowing for free use by our club.
- Submissions for Meet Your Members, Tech Talk, Great Locations, and easter eggs will be spread out across the editions to try and give something for each edition and not overwhelm readers. With this some editions may include all, some, or none of these sections depending if there are articles to post or if they need to be paced a bit.

Todo:

- Add "~~Odometer Notes~~", "~~Meet Your Members~~", "~~Tech Talk~~", "~~Great Locations~~"
- Add information on how to create and host events
- Figure out easter eggs

See yall out there,
Jason Spegal

Great Locations *Independence Pass*

A beautiful drive anytime of the year when it's open is Independence Pass. Twisty roads and mountain pass running along a river with plenty of places to stop along the way from Twin Lakes to Aspen. It also features a tunnel of gold during fall leaves. Triangle Park in Aspen makes a nice place to stop for a break.

Remember to always have fun

"From Z to Shining Z"
It all started in 1969 with the introduction of a sports car from Japan called Z. Some forty years later, it is still called Z. Long Live the Z! In celebration of the 40th Anniversary of the Datsun/Nissan Z, the Z Car Club Association and Nissan proudly present the 40th Annual International Z-Car Convention, designed to mark its 40th Anniversary.
