Colorado's # 1 Volume Nissan Dealer 4 Years Running

Welcome to summer!! Even though the calendar may not say it is summer, we have unofficially started the new season.

It is almost time to elect new members to the board. Both Mike and myself are at the end of our terms and are term limited to serve 2 years. So we are looking for someone to be our new president and vice president. This would be a great opportunity for someone to get involved in the club. You do not need board experience to run for a position all you need is enthusiasm and a little bit of time. I have enjoyed working on the board and trying new ideas. So if this is something you think you might be interested in, give it a try!

So as the weather gets warmer I hope you are able to get out and drive your car and show it off at the meetings and events! I'll Z you soon!!

Odometer Notes

The focus now is on great locations. It's driving season, so please tell us about the amazing places and drives you know of.

1st request: Please send articles for great locations to odometer@zccc.org.

2nd request: The Odometer isn't about the editor, it's about the club which is to mean its members. Got ideas? Send them to me. Want to add an article you wrote? Send it to me. Found something amazing you want to share? Please do!

3rd request: Please send me a writeup about yourself and your car with a couple of your favorite photos. We've had this in the past and I want to make the "Meet Your Members" a routine section, and it's a great way for new members to introduce themselves. It's also a great way to talk about what you enjoy doing with your Z.

4th request: Please send me ideas for easter eggs to put in the odometer. I'd like one in each edition.

5th request: Please send me ideas for technical content that will benefit our members. For example how to replace a fuel pump, upgrade a light, fix the convertible top in a 350z, etc. Links to articles and resources also works, and I'll figure out how to work them in. Most likely as a "Hey did you know about this?". This can also be how you approached doing something. We have several members deep into rebuilding and restoring their Z. Please send me an article on what you did, what you learned, what you would do different in the future, or just show off the awesome work you did. Got a project going? Tell us about it. Need help? We can put that in here. A paragraph can be fine if that's all it takes.

6th request: Please send me great locations to visit, places to see, to take a great photo of your car, and include why it's a great spot. Surely someone knows what the best tunnel in Colorado is for hearing your car?

Important information:

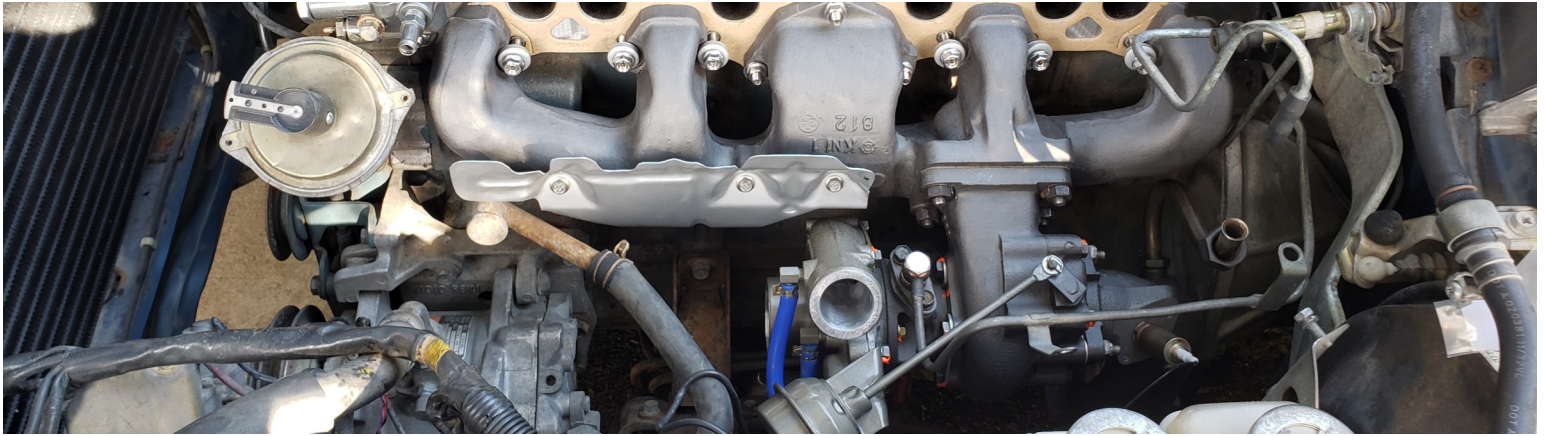

- Any content that goes into the Odometer needs to be written, captured, or owned by our club and our members. This means we cannot use articles, photos, images, or other content from external sources without the express *written* permission of the content owner. The exception being public domain and content with certain licenses allowing for free use by our club.
- Submissions for Meet Your Members, Tech Talk, Great Locations, and easter eggs will be spread out across the editions to try and give something for each edition and not overwhelm readers. With this some editions may include all, some, or none of these sections depending if there are articles to post or if they need to be paced a bit.

Todo:

- Add "~~Odometer Notes~~", "~~Meet Your Members~~", "~~Tech Talk~~", "~~Great Locations~~"
- Add information on how to create and host events
- Figure out easter eggs

See yall out there,
Jason Spegal

Tech Talk

- Welding nut trick: I'm please to provide an update that it does indeed work on steel on steel.
- If you happen to rebuild the T3 turbo from the 280zx and 300zx (Z31), you can align the center section to the exhaust housing using the oil drain tube and fins. The compressor housing can be aligned using the notch for the bolt on the oil drain tube. Learn from my pain :-) I now have lots of reference photos if someone needs them -- Jason Spegal

You just need to send a copy of your documentation to our Vice President. This is a great way to show your appreciation for our sponsor and keep your vehicle in tip top shape.

Please attend their car shows. Members are always welcomed and appreciated at all Empire Lakewood Nissan and ENE events. Future dates will be posted soon.

Check out Empire Nismo Enthusiasts or Empire Lakewood Nissan on their Facebook pages for other events they may be hosting and photos from previous events and be sure and stay tuned for our club hosted events beginning in the spring. These shows not only help to promote the club and dealership, but they also allow us to engage in the community and foster interest in Z cars.

Remember to always have fun

"From Z to Shining Z"
It all started in 1969 with the introduction of a sports car from Japan called Z. Some forty years later, it is still called Z. Long Live the Z!
In celebration of the 40th Anniversary of the Datsun/Nissan Z, the Z Car Club Association and Nissan proudly present the 40th Annual International Z-Car Convention.
Sponsored by Nissan North America, Inc.
