At the May general meeting, by show of hands, it was decided to hold in person General Meetings through September 2022 at Gateway Classic Cars. We are all very excited to once again be able to see each other live and in person, socialize, hear about upcoming events and top the meeting off with the 50/50 drawing. We can check out the amazing showroom cars and even visit in the parking lot to see our own cars.

## JUNE GENERAL MEETING

**June 1, 2022**

## GATEWAY CLASSIC CARS DENVER

**WHERE:** Gateway Classic Cars

**ADDRESS:** 14150 Grasslands Dr, Englewood. CO 80112

**TIME:** Doors open at 6:00 PM and the meeting starts at 7:00 PM

Our in person general meeting for June will be held at Gateway Classic Cars Of Denver. There will be plenty of tables and seating for all who attend. Gateway will supply bottled water and coffee. Please bring your own sack meal or eat before the meeting. You will have time to explore the showroom before the meeting as doors open at 6:00 PM. Park in the back.

We will be holding our monthly general meetings here through September 2022. Please view some of the exciting meeting photos courtesy of Tiffany and Don Gordon below.

## CHLOE'S CORNER

News from the Dog House by Chloe Derman

We are not going to be seeing each other at the general meetings until November when we meet via ZOOM. But, until then, I hope you will join me at some paw friendly events that are coming up this summer. Please try to attend some of these events as a fabulous award may be in your future. The events are marked with this symbol:

Woof

## LETTER FROM YOUR EDITOR

**This month's letter is "F" for FUN**

I realized the other day that my husband, Nate, your President, and even my dog, Chloe, have articles, so why not me?

I hope you all are enjoying the Odometer as much as I enjoy putting it together. Getting submissions from all of you only makes it better. I would really like to see pictures, interesting articles and even recipes that any of you would like to share. Please get any submissions to me by the 20th of each month. This month I would like to thank Nate Derman, Don Gordon. Andy Mortenson for 2 and Bruce McKenney, also 2, for their articles they submitted. Make sure you right click on the link and then "open hyperlink" to view the articles.

I am looking forward to seeing all of you at the in person meetings at Gateway Classic Cars and the many exciting events that are coming up soon. It is going to be a **fun** filled, jampacked, few months. I am already working on the banquet for our October meeting, so stay tuned for details. I really enjoyed the two-day drive to Pueblo last month and hope to see more overnight events in the future.

Please remember to check our website [zccc.org](http://zccc.org) for the Odometer on the 1st of every month if you don't get an email notification. The website has all the information you need to stay informed such as a link to FaceBook, previous Odometers, the Vendors List, and of course, upcoming events.

Happy reading—Cheryle

## MEET YOUR MEMBERS

### BOB AND MARIANN BYRNE

It's really hard to believe we have been married 53 years! We have two sons, four grandchildren and a great grandchild due in September. Family is all-important, and is the reason we moved to Colorado, where half of the family resides. Living here is living our dream.

Mariann started her career in commercial insurance as a claims adjuster and moved on as financial manager of a Prudential subsidiary. She retired from teaching at the University of Northwestern Ohio, where she was a Professor of Economics and Business. In 2005, Mariann was awarded a Fulbright Scholarship to consult higher education in China.

Bob started out as a high school English teacher and quickly turned to business. He had a 40 year career in manufacturing management, product design and development. During that time, he worked in foundry operations, machining, fabrication, stamping, and metal finishing. Bob established a Design Studio that specialized in the heavy truck and appliance industries, and retired in November 2013 having accumulated 31 design and process patents.

Bob was a member of the Ohio Academy of Science and together with Mariann were jurors for the Ohio State Science Fairs for students grades 5 through 12. This was one of the most rewarding experiences we have ever shared.

Our first sports car was a 1972 MGB with dodgy brakes. Our second was a 1984 Mazda RX7. Mariann purchased a 1991 Dodge Stealth in which she amassed five speeding tickets in short order. After the Stealth, we had a 1996 Audi Cabriolet followed by a 2001 Audi TT. Mariann then acquired a 2006 SAAB 9.3 Aero convertible which is still in the family.

Our Roadster Z is Dark Cherry Metallic and had 7,975 miles on it when we test drove it. We are not planning any modifications to the car as we love it as it is. The Z is our fourth Nissan after two Maximas and a 2017 Nissan Rogue.

We joined the Z Car Club of Colorado for the social component and the events. Last year we hosted one event to the Rambler Ranch and will soon host our second event to The Wild Animal Sanctuary.

## Two-Day Southern Colorado Drive - Dinner, breakfast and Hotel Recap

By Tom and Lynne Brunkak May 14<sup>th</sup> and 15<sup>th</sup> (Saturday-Sunday)

We began our day at In and Out Burger in Colorado Springs. We all ate a yummy lunch and then eight cars set off on our adventure. Our first leg was to follow I-25 down to South Colorado Springs. From there, we jumped onto Highway 115 to Florence. After a brief pitstop, we carried on our journey. We received a lot of looks and thumbs up from passerby's. We make quite a spectacle going down the road. We then picked up Highway 165. This took us through the San Isabel Forest. We passed Bishop's Castle, what a site! We continued through the mountain road into Rye and Colorado City. We made another pit stop and then headed into Pueblo to the hotel. After a little freshening up, we headed to the Pueblo Riverwalk for dinner. We had a wonderful meal at a local restaurant named Angelo's. After dinner we walked the Riverwalk and then headed back to the hotel to rest. In the morning, we had a short breakfast together and the people from out of town left to go home. It was a fabulous ride. On behalf of Tom and Lynne, the Club thanks them for the great memories and the "designer" Z cookies.

## SLUSH Motorsports Festival 2022 Recap

**Where:** Pikes Peak International Raceway, 16650 Midway Ranch Rd, Fountain, CO 80817

**When:** Saturday, May 28th, 2022 7AM – 11PM

**Hosts:** Wendy & Mike Rhyne

The 2022 Slush Motorsports Festival was held May 28th at Pikes Peak International Raceway. It was a full day of events including a large car show with lots of categories, drifting, drag racing, vendors and entertainment. Every event was open to anyone to participate in or spectate.

Our club sponsor Empire Lakewood Nissan also had a booth and they even had ZCCC information on hand.

We estimate that there were 200+ participants in the various events and 600+ attendees I would not be surprised if it was several times that as people came and went all day long.

The car show and drifting events were highlights for us. In the car show there were fantastic examples of very clean stock cars to unique and highly customized vehicles.

The drifting events were fun to watch with cars passing close so you could see, hear, and smell the tires. Here are some pictures of the drifting event.

### **Ways our club members can support our fundraising:**

1) Bring your special car out to be elite judged. Registration is above with categories below.

<b>Class</b>	<b>Year of Production</b>
E-1	1900 to 1945
E-2	1946 to 1960
E-3	1961 to 1971
E-4	1972 to 1985
E-5	1986 to 2000
E-6	2001 to Present

## CONCOURS D'ELEGANCE CONTINUED

The Elite Concours Group Judging is based on: styling, engineering excellence, elegance, presentation, condition, cleanliness, and quality of preservation or restoration and historical significance. These classes are not judged by the Z Car Club of Colorado.

- 2) Bring your car out to be club judged by the Z Car Club of Colorado. Registration above with categories below.

Class	Year of Production	Class	Year of Production
S30	1969 to 1978	Z32	1989 to 1996
S130	1979 to 1983	Z33	2003 to 2009
Z31	1984 to 1989	Z34	2010 to 2020

The club judged classes will be based on: presentation, condition, cleanliness, and quality of preservation or restoration. Only one ribbon given in each class for the best in class with a single ribbon being given to the best in show.

- 3) Bring your car out to be displayed with the rest of the Z Cars from the Z Car Club of Colorado.  
Registration above.

Our location on the field will be the same as it has been in previous year shows.

**Registration Information** (All registrations include two event passes and one event program)

**Registration Fees:** \$50.00 per car – \$100.00 per car for Elite Group Judging

**Please note these deadlines have passed but it is not too late to register even same day registration.**

**May 5, 2022 11:59PM: LAST DATE TO REGISTER & APPEAR IN PROGRAM. (ALL registrations after**

**May 5th will NOT appear in program)**

**May 12, 2022 11:59PM: ONLINE REGISTRATION CLOSES, SIGN UP FOR ELITE CLASS JUDGING CLOSES.**

Above is the pertinent information for registering to attend the show and the classes for the Z Cars Club.

Nate Derman will lead the club from the Aspen Grove shopping center to the Arapahoe Community College. We will leave Aspen Grove by 7:30 am to arrive and be setup on the field somewhere around 9am.

The Club needs three people who are there only to display their cars to act as judges for the show. This is not difficult and is not judging best Interior, exterior, or engine compartment, but the best overall car in each class with an overall winner for best in show.

We will have our tent but please bring chairs, water and food. There will be food trucks if you want to purchase food as well. Walk ins are also welcome.

There will be more information at the June meeting.

# JUNKYARD JENNY'S QUALITY USED PARTS TOUR

**WHEN: June 18, 2022**

**WHERE: Junkyard Jenny's Meet at Wendy's. See address below.**

**TIME: 10:00 AM**

**HOST: Patty Troxell**

Meet-up time and location: 10am at the Wendy's Restaurant located at the SE corner of Interstate 25 at the 58th Avenue exit. There is a large Wendy's sign visible from the interstate. Please park on the south side of the restaurant. We will leave for Junkyard Jenny's at 10:15. The trip time is approximately 35 minutes.

Route: we will travel North on Interstate 25, take the Firestone exit (#240), go east for approximately 5 miles, and then go south on County Road 19. Jenny is located at the second house on the left. Roads are paved except for Jenny's driveway which is dirt and about 30 yards in length. For those who live close to Ft. Lupton, we will meet you at Junkyard Jenny's.

Are you restoring a S30 but having difficulty finding parts? Need advice? Jenny Boyd of Junkyard Jenny's Quality Discount Parts can help. The parts she sells are cleaned and inspected before offering it for sale. Most parts are ready for you to install. Do you have an installation question? Ask Jenny. Have you ever wanted to race at Bandimere Speedway? Talk to Jenny. Find out what it is really like to do this type of racing. She is a veteran race car driver. Hopefully she will have her race car there.

Jenny will have a large selection of parts for sale. As a club vendor, she offers members a 15% discount. She accepts cash, PayPal, most major credit cards, cash app, and Venmo.

This will be a BYOL (bring your own lunch) event. Bottled water will be furnished. Feel free to bring a folding chair and sit outside for lunch. If the weather is inclement, Jenny has a large garage where we can have lunch.

Pets are welcome. However, we will be in a rural setting without a fenced yard. There may be large raptors nearby.

Masks are optional.

Come one, come all. Everyone is welcome. Jenny is excited to meet you.

## AUTOCROSS – SATURDAY, JUNE 25TH

**WHERE:** 23600 East 128th Avenue, Commerce City

**TIME:** 8:00 AM to Noon

**COST:** \$20 members—\$25 non members

**HOST:** Andy Mortenson

For those of you who are unfamiliar with it, autocross is a timed competition held on flat, paved surfaces with few obstructions such as parking lots or airport tarmacs in which drivers navigate one at a time through a defined course marked by traffic cones. Autocross courses place the demands on car handling and driver skill rather than on engine power and outright speed. It emphasizes safe competition and active participation. Since rubber traffic cones define the course, the hazards are low. The speeds are typically not as great as those encountered in legal highway driving, but the combination of concentration and precision maneuvering gives drivers an experience similar to that of a full road course race. Some of you will remember the autocross event we held at the Adams County Sheriff's Department Training Center in Commerce City last summer and how much fun it was. A few may have even participated in the autocross down at ZCON. Well, we've scheduled another autocross for the morning of Saturday, June 25th. The event will again be held at the Adams County Sheriff's Department Training Center in Commerce City. The facility is located at 23600 East 128th Avenue which is about 5 miles east of Barr Lake. We'll be using their nice smooth 3 ¼ acre skill pad for our autocross. We have rented the pad for four hours, from 8:00 AM until Noon. We're going to limit participation to the first 25 cars to register because we'd like to guarantee each car a minimum of three timed runs through the course during that time. There will be a charge of \$20.00 for each member and \$25.00 for non-members. Please bring cash or a check payable to ZCCC because credit cards can't be accepted. Helmets will be required and the Training Center requires that a release form be signed by each participant. The center is in a treeless area and there is no shade so bring sun protection and drinking water. There are bathroom facilities within easy walking distance. So save the date and come on out and watch the fun even if you don't plan to participate. If there's insufficient participation from ZCCC members, the autocross will be open to the public to help defray costs. Please advise Andy Mortenson if you're interested in participating in this event or if you have any questions.

### EMPIRE NISSAN SHINE AND SHOW

Saturday, June 25, 2022

**Where:** 14707 W. Colfax Ave. Lakewood, CO 80401

**When:** Saturday June 25, 2022

**Time:** 4:00 to 8:00

**Host:** Bruce and Cheryl McKenney

Come support our generous sponsor and join the fun showing your Z. This is our second Shine and Show of the year. Strike up a conversation with some of the crew at Empire Nissan or fellow car enthusiasts. See what is new or old as there will be a variety of cars on display. Grab a bite to eat at the food truck or stop by one of the many nearby restaurants.

Bruce passed this along. It is a review of the new Z that you might enjoy watching. Thanks Bruce. <https://www.youtube.com/watch?v=Y5D-4JyG2dA>

## National Museum of World War II Aviation Visit

775 AVIATION WAY COLORADO SPRINGS, CO 80916

<https://www.worldwariiaviation.org/>

**WHEN:** July 16, 2022

**TIME:** 9:00 A.M.

**WHERE:** Cabelas Sporting Goods Lone Tree

**Cost:** \$17.00 Adults, \$15.00 Seniors

**Host:** Andy Mortenson

The National Museum of World War II Aviation in Colorado Springs documents the role that military aviation played in the emergence of our nation as a world power during the Second World War. Through a combination of its aircraft collection and other exhibits, the museum tells the story of our nation's tremendous technological advancements during the war that were essential to the success of the Allied war effort.

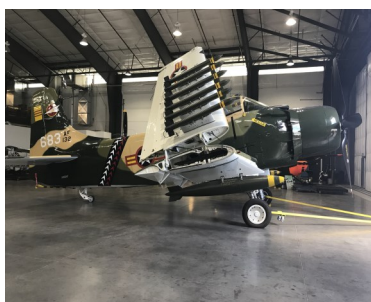

The museum displays a wide array of fully restored aircraft that represent all aspects of America's involvement in World War II. Most of the aircraft are meticulously restored to flying condition, and many are flown at air shows. (For those who shared our visit to the museum back in 2019, the new hangar has since been completed and many aircraft that were in storage are now on display.) The visit also includes the WestPac Restorations facility which is adjacent to the museum.

WestPac Restorations is a premier World War II aircraft restoration and maintenance facility. WestPac is a highly specialized FAA-certified repair station that includes paint facilities, a prop shop, and a full service metal forming shop. WestPac has been closely affiliated with the museum since its inception, and allows public access to its facility through the museum's docent-led tour program.

We plan to take the 10:30 AM tour which includes WestPac Restorations. We'll meet at Cabela's sporting goods located on the southwest side of the intersection of I-25 and Ridgeway Parkway in Lone Tree. We'll leave at 9:00 AM and convoy down to the museum which is located on the south side of Colorado Springs. Please note that there is an admission fee of \$17.00 for adults and \$15.00 for seniors. The guided tour costs an additional \$5.00. While the tour isn't required, it's highly recommended.

As an optional extension to the museum visit for us aviation junkies, lunch will be available at "The Airplane" restaurant adjacent to the Radisson Hotel which is near the museum. The restaurant is built in and around a 1950's era Air Force KC-97 Stratotanker airplane like the one flown by ZCCC member Steve Robertson.

### 2022 ZCCC Bike Ride II

**When:** Saturday, August 20, 2022  
**Where:** Meet at parking lot 4218 S. Parker Road, Aurora  
**Time:** 9:30 am  
**Host:** Andy Mortenson

As most of you know by now, I had to cancel the May 21st bike ride due to the snow storm. I've decided to reschedule the ride for Saturday, August 20th.

Join us for the 11th annual ZCCC Bike Ride. We'll meet at 9:30 AM in the parking lot of the Denver Mattress/Furniture Row store located at the intersection of Parker Road and Quincy Avenue in Aurora. The lot is located on north east corner of the intersection across from the Sinclair gas station.

We'll ride along the South Cherry Creek Trail 12 miles to Parker and back.

We'll have lunch in Parker at the Hickory House restaurant. If 12 miles is a little too far, you can begin the ride at the Cherry Creek Trail Head located on the south side of Arapahoe Road just east of Jordan Road in Centennial which will just about cut the length of the ride in half. Those planning to do the shorter ride should be at the trail head by 10:00 AM and wait to join up with group starting at the Furniture Row parking lot. The trail is relatively flat all the way to Parker so this will be an easy ride. Note: E-bikes are welcome (unless you want to get some *real* exercise). Please contact Andy Mortenson at [membership@zccc.org](mailto:membership@zccc.org) if you have any questions.

### **GATEWAY CLASSIC CARS -2- CAFFEINE & CHROME**

**WHEN: AUGUST 27, 2022**

**TIME: 9AM-NOON**

**WHERE: Gateway Classic Cars Denver Showroom**

**14150 Grasslands Drive, Suite A, Englewood, CO 80112**

**COST: Free**

**HOST: Matt McDole**

Gateway Classic Cars is the World's largest Classic Car and Exotic Car sales company with a nationwide network of indoor, climate-controlled showrooms. ZCCC will be of the FEATURED CAR CLUB August 27, 2022 at the Gateway Classic Cars Denver Showroom. The featured car club receives:

- Reserved Parking
- Goodie Bags
- Social Media Posts to Thousands
- Up to \$200 Donation to Club
- Club Group Photo

On August 27 there will be a special reserved space in the Gateway south parking lot near the large doors for ZCCC members to line up their Z cars for display. Z cars should arrive about 8:45am so we can have them lined up by 9:00 am. The public will be invited and can display their cars in other parts of the south parking lot. Car owners can be available to discuss their vehicles. In the parking lot. Car owners may set up folding chairs by their vehicles. The public is invited to walk around and view all the cars both outside and inside in the showroom where there are about 200 cars mostly for sale. Coffee and pastries will be available for all. Gateway employees will be available to discuss their operation and the cars in the showroom. Gateway Classic Cars Staff Member Devin deSimone who gave ZCCC a briefing at our January 22 event will be our contact to coordinate the August 27 Event.

The Gateway Classic Cars facility is most easily accessed by taking E-470 Peoria exit (Exit 2), proceeding north on Peoria to Compark Blvd. where you turn right and head East toward American Furniture Wearhouse. Turn left on Highfield Pkwy. Proceed North to the facility at the intersection on Grassfield Drive. The entrance is in the North side of the building. That is where we will meet. The facility can also be accessed from the North. Take Potomac St. off Arapahoe Rd. As you proceed South Potomac turns into Chambers Rd, that will the intersect Grasslands Dr. Turn right and proceed West to the facility. The address appears on the West face of the building. There is also probably a way to get there from Parker Rd.

I hope to see you all there.

# Nissan hints at NISMO Z

Hagerty  
29 April 2022

Submitted by Andy Mortenson

Nissan is taking the Z racing—for the second time in the reborn model's (pre-production) lifetime. This time, instead of [wild bodywork and massive wings](#) for Super GT's GT500 class, the new Z is adopting a more modest outfit ahead of its trip to Fuji Speedway for the venerable 24 Hours of Fuji endurance race. According to [Motorsport.com](#), two caged and winged Zs will enter the ST-Q class, which exists to absorb and homologate cars that otherwise do not conform to any specific class regulations (think GT3- and GT4-type rulebooks). Reading between the lines, we'd expect that Nissan is using the race to evaluate the Z for use in other categories such as GT3 or GT4 in the future.

## What the 2023 Z Shares With the Greatest Nissan Ever

Everyone modifies an old Nissan sports car ... except for one part.

By Matt Farah May 13, 2022

Article submitted by Nate Derman

Hiroshi Tamura is a real enthusiast. The “Godfather of the GT-R,” also in charge of Nissan’s new Z, has his priorities in order. I know this because he won’t tell me the zero-to-sixty of the new Z under direct questioning. “Conditions will dictate this,” he says. “We are more concerned with it being [a willing dance partner](#).”

## What the 2023 Z Shares With the Greatest Nissan Ever Cont'd

Frankly, this is the best non-answer to a question like this I could have asked for.

It takes a real driver, a real enthusiast to care about inputs. To pay attention to those special details that can [make or break](#) the way a human interacts with a machine. Good inputs can make up for all manner of deficiencies in dynamics (hello, B7 Audi RS4!), and, conversely, bad ones can ruin the good work dynamicists are doing (Tesla Model S).

I once bought a 2005 Audi S4. It was a lovely car, with a V-8 engine, comfy interior, and impeccable highway mannerisms -- perfect for commuting around the New York tri-state area. I got a great deal on it because it was the demonstrator for the owner of the dealership for a few months and a few thousand miles on the odometer translated into some real savings. Objectively, buying it was a good move. But I never could love it, and sold it several months later. Why? It had the base four-spoke steering wheel, which I hated gripping, rather than the optional three-spoke unit that came later. Some people would think I was nuts for selling a \$45,000 car over something relatively small. But a real enthusiast would hear that story and nod.

During a segment of the pre-drive presentation in which Tamura-san points out the “retro-future” elements of the new Z, he offhandedly mentions something that stuck in my head ever since.

There's the front end with its big, square mouth and headlights evocative of the 240Z - a front fascia that only really makes sense when one runs up your rearview mirror and it looks *just* like a futuristic 240Z. There's the rear section tail lights, reminiscent of the Z32 300ZX but with a very 2022 amount of LED “depth.” Both of these elements are cool, but what stands out is the small connection to the greatest Nissan in history: The [R32 Skyline GT-R](#).

The [R34](#) may be the most valuable, the most collectible, and the highest performing of the “analog” GT-Rs. In my opinion, it's also the best looking. But it was the R32 that was so good it got banned from racing. It was the R32 that made me and my friends say “no Skylines” when racing each other in [Gran Turismo](#) 1 -- it was too good. Even today, if you're building a high-performance Skyline, the R32 is the lightest, the purest of the bunch.

“We noticed in Japan,” Tamura-san says, “that many people will modify their R32 Skyline GT-Rs, like they modify all other sports cars. Many people, when they modify their cars in Japan, will change the steering wheel. But not the R32 Skyline.

As a former R32 Skyline owner myself, I cannot help but nod in agreement. That steering wheel was, in fact, as perfect as any steering wheel has ever been. Just this past weekend, I drove the \$450,000 *Built by Legends* MINES R32 GT-R, and the steering wheel was left stock aside from a suede re-covering. I've changed the steering wheel in my C5 Corvette, Fox Body Mustang, and [Safari Porsche 911](#), but not the Skyline. It didn't need it.

“This is why we made the new Z steering wheel the same. There has to be buttons on it, of course, for the functionality. But the size, the diameter, shape, and circumference are all identical to the R32, and we even put the finger grips on the back like the R32.”

And he should know - Tamura-san's weekend ride is a stunning R32 GT-R, which he purchased new and at one point made over 800 horsepower. He dialed it back, he says, for balance and drivability. And he made sure to include this excellent detail, the perfect driving input device, in the new Z.
