## MEET YOUR MEMBER

### MATT McDOLE

Matt with Sandi and granddaughter Emmeline

I was born and raised in Tucson ,AZ . After earning a Civil Engineering degree there I pursued a career in design and construction of transportation projects in Arizona ,California and Colorado. This took me on relocations from Tucson to San Francisco to LA back to San Francisco to Denver back to San Francisco again and finally back to Denver in 1995. I retired 3 years ago.

How I obtained my 1972 240Z is a story. Living in San Francisco in late 1971 , my "65 Chevy Impala Super Sport Coupe was stolen and found completely stripped. I was in need of new wheels. Looking at the new Detroit Iron offerings I found nothing to my satisfaction. Then I recalled a few months back at the Pebble Beach,Bing Crosby golf tournament a neat yellow sports car drove up to the valet stand. I recognized the driver when he got out. It was Rick Barry, the 6'7" pro basketball star. Sports car cabins I had experienced were tight for me but I thought that if that 6'7" guy could fit in that car, my 6'3" frame could. Of course. The car was a 240Z. So I visited some Datsun dealers, but all the 71s were sold and no 72s had arrived as there was a dock strike and they couldn't get cars in from Japan. I did find a '71 Z on a used car lot, drove it and decided I wanted a Z. I thought the strike couldn't last too long so I put down a deposit and ordered a new Z. I also got on wait lists at other dealers. I was wrong about the strike – It lasted 6 months. By early summer '72 240Zs started to trickle in to dealers. Similar to what I saw recently. Dealers took advantage of the high demand /low supply situation and required premiums increasing the price. Also dealers add on options like air conditioning for \$500. So, a \$4100 base price could easily escalate to \$5000. That was lot for me in 1972. By mid June I got a few calls from dealers but the high prices and color were not acceptable. My preference was for a brown or green car. Then a dealer from Modesto called with a brown Z, but I couldn't swallow the premiums. (looking back I wish I would have). Mid July the dealer with my deposit called with a red Z with no premiums. I took it and picked it up at the San Jose dealer on my 33rd birthday . What a great birthday present!

The first five years this 240Z was my only vehicle including 1 1/2 winters in Denver. After parking lot dings and general wear I had the car painted brown, my original first choice. I Also had the interior redone in brown. That's how it is today. I've managed to hang on to the Z for 50 years through marriage (41 years to Sandi) and 2 kids. I'm delighted to still have it!

I joined ZCCC in 2006, I believe. I enjoy the fellowship and the great variety of events. I participate as in much as I can ,mixed in with other interest and activities including family, travel ,model railroading and attending sports events. A big thing right now is our 18-month-old granddaughter who we care for frequently. I am looking forward to hosting the Gateway Classic Cars Caffeine And Chrome Car Show on August 27, 2022. It should be a lot of fun with a huge turn out.

## CONCOURS D'ELEGANCE RECAP

June 5, 2022

By Nate and Cheryle Derman

The 39th annual Colorado Concours D'Elegance and Exotic Sports Car Show was held on June 5, 2022. 18 members and 3 new members and 3 guests attended. Ten cars were proudly displayed in our booth and one car at Elite Judging.. Six first place ribbons and one favorite car ribbon was awarded. We had a constant crowd coming by our booth looking at our beautiful Z cars. They asked a lot of questions and some people took flyers and applications to join the club. We hope they become new members.

Thank you all who showed their cars and attended this wonderful event for a worthy cause.

We want to especially thank Committee and Z Car Member Kathy Minister for stepping up to do all the needed duties to make this event happen smoothly. She even brought a helper. Thank you Kathy. It would not have happened without you.

## RECAP

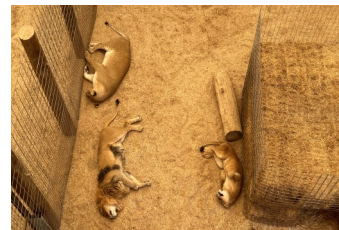

### ZCCC Road Trip to The Wild Animal Sanctuary with Bob and Mariann Byrne

ZCCC Goes to The Wild Animal Sanctuary

**Sunday, June 12, 2022**

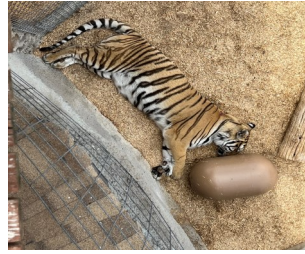

Eleven members and three guests participated in the Byrne's event at The Wild Animal Sanctuary (TWAS). We met up at the Prairie Gateway parking lot in the Rocky Mountain Arsenal Wildlife Sanctuary for the 40 mile drive to TWAS under partly cloudy skies in what would eventually become 90 plus degree temperatures. Snacks and beverages were on hand to fortify the attendants for what would be a marvelous day. Gratefully, there was a nice breeze most of the day to help cool down the attendees.

Sightings of grizzly bears, tigers, ligers, lions, black bears, wolves, coyotes, hyenas, camels, emus, and more animal species on the prairie of Colorado with the Rocky Mountains as a backdrop is pretty impressive. It was great fun seeing the bears soaking in pools and even a tiger and liger got into the water in their paddock. When you visit TWAS, your heart goes out to these creatures, once captive, malnourished, and under cared for by humans who used them for personal ego building or profit. The Sanctuary does a monumental job in offering a place for these animals to live out their lives in healthful and happier circumstances and on this day, it was shared with ZCCC.

## THE WILD ANIMAL SANCTUARY PHOTOS CONTINUED.

Three miles round trip. Hot with a slight breeze, but worth the walk. We saw a leopard, caracols, a liger, lions, tigers, bears, a camel, and a tribute to Lion King Pride Rock. It was wonderful to see the animals in a beautiful setting enjoying their large habitats after being rescued from abusive captivity.

Thank you Bob and Marianne for hosting such a great event.

## RECAP

# AUTOCROSS – SATURDAY, JUNE 25TH

By Andy Mortenson

Our 2022 Autocross was again held at the Adams County Sheriff's Department Training Center in Commerce City. Rain and possible thunderstorms were forecast after noon, but like last year, we had a nice cloud deck that kept the temperatures pleasant without a drop of rain. Several of us arrived early to set up the traffic cones marking our course on their nice smooth 3 ¼ acre skill pad. Despite having to wait for someone to open the gate to the facility, we had everything set up and began timed runs by about 9:00 AM. Since we had use of the facility until noon and there were so few participants, we were each able to make six or seven timed runs. Of the six participants, five were ZCCC members including Nate Derman, Bruce McKenney, Andy Mortenson, Al Powell and Jason Spegal.

The best time of the day (50.94 seconds) was had by guest [James Brunzman](#).

The best time of the day for a club member (54.19 seconds) was a tie between [Jason Spegal](#) and [Nate Derman](#) with Nate driving his Tesla no less.

The "Cone King" trophy for knocking over the most cones was won by Nate Derman. There were also six spectators in attendance including club members Don Gordon, Cheryle Derman and Patty Troxell as well as James Brunzman's wife, Dannette and his two young sons who rode with us on several runs.

This was a really fun event that was enjoyed by everyone who attended. The facility is perfectly suited for autocross with a huge skid pad and handy rest rooms. Despite the disappointing attendance at this event, we hope to hold another autocross there next year.

Watch your speed Nate!

The National Museum of World War II Aviation in Colorado Springs documents the role that military aviation played in the emergence of our nation as a world power during the Second World War. Through a combination of its aircraft collection and other exhibits, the museum tells the story of our nation's tremendous technological advancements during the war that were essential to the success of the Allied war effort.

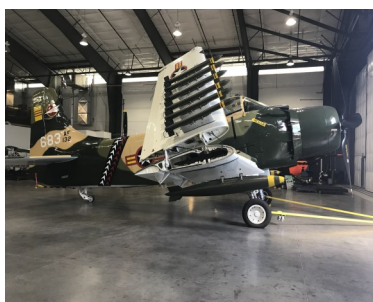

The museum displays a wide array of fully restored aircraft that represent all aspects of America's involvement in World War II. Most of the aircraft are meticulously restored to flying condition, and many are flown at air shows. (For those who shared our visit to the museum back in 2019, the new hangar has since been completed and many aircraft that were in storage are now on display.) The visit also includes the WestPac Restorations facility which is adjacent to the museum.

WestPac Restorations is a premier World War II aircraft restoration and maintenance facility. WestPac is a highly specialized FAA-certified repair station that includes paint facilities, a prop shop, and a full service metal forming shop. WestPac has been closely affiliated with the museum since its inception, and allows public access to its facility through the museum's docent-led tour program.

We plan to take the 10:30 AM tour which includes WestPac Restorations. We'll meet at Cabela's sporting goods located on the southwest side of the intersection of I-25 and Ridgeway Parkway in Lone Tree. We'll leave at 9:00 AM and convoy down to the museum which is located on the south side of Colorado Springs. Please note that there is an admission fee of \$17.00 for adults and \$15.00 for seniors. The guided tour costs an additional \$5.00. While the tour isn't required, it's highly recommended.

As an optional extension to the museum visit for us aviation junkies, lunch will be available at "The Airplane" restaurant adjacent to the Radisson Hotel which is near the museum. The restaurant is built in and around a 1950's era Air Force KC-97 Stratotanker airplane like the one flown by ZCCC member Steve Robertson.

### 2022 ZCCC Bike Ride II

**When:** Saturday, August 20, 2022  
**Where:** Meet at parking lot 4218 S. Parker Road, Aurora  
**Time:** 9:30 am  
**Host:** Andy Mortenson

As most of you know by now, I had to cancel the May 21st bike ride due to the snow storm. I've decided to reschedule the ride for Saturday, August 20th.

Join us for the 11th annual ZCCC Bike Ride. We'll meet at 9:30 AM in the parking lot of the Denver Mattress/ Furniture Row store located at the intersection of Parker Road and Quincy Avenue in Aurora. The lot is located on north east corner of the intersection across from the Sinclair gas station.

We'll ride along the South Cherry Creek Trail 12 miles to Parker and back.

We'll have lunch in Parker at the Hickory House restaurant. If 12 miles is a little too far, you can begin the ride at the Cherry Creek Trail Head located on the south side of Arapahoe Road just east of Jordan Road in Centennial which will just about cut the length of the ride in half. Those planning to do the shorter ride should be at the trail head by 10:00 AM and wait to join up with group starting at the Furniture Row parking lot. The trail is relatively flat all the way to Parker so this will be an easy ride. Note: E-bikes are welcome (unless you want to get some *real* exercise). Please contact Andy Mortenson at [membership@zccc.org](mailto:membership@zccc.org) if you have any questions.
