This is so very important! Even though our general meeting will be on Zoom through April of 2023, there are still several events being held. Please remember to check Facebook <https://www.facebook.com/ZCarClubOfColorado/> and the website zccc.org before heading out to an event. Due to unforeseen circumstances or weather, events may be cancelled or just check for event updates.

Tech Talk – A new addition at our Monthly General Meetings

For years, many members have told me they joined our club to find out from other members how to work on their Z cars. We are now carving out a special time at the end of our monthly General Meetings where you can join in with our host of Tech Talk, Bruce McKenney.

Just recently I noticed that MOTORTREND has dedicated an entire channel on TV to vehicles. There are programs such as Car Fix, All Girls Garage, Restoration Garage, 2 Guys Garage and Shorty's Dream Shop. You can watch these shows and many others on Comcast/Xfinity channel 663.

There's obviously a lot of interest in repair, restoration and adding performance to your vehicles. Even if you don't consider yourself a car junkie or a gearhead, you still may want to tune in to Tech Talk and listen and learn and add your 2 – cents.

We hope you can make it to Tech Talk at our next monthly meeting, currently via Zoom and in a few months back in person.

Hello Z Car Club of Colorado,

LETTER FROM YOUR EDITOR

Brought to you by the letter "C"

The letter for March is "C" for Colorado Cars and Coffee who has once again honored Nate and I and ZCCC as the Colorado C&C Members Ride Spotlight in their twice monthly newsletter. Last month they featured Travis Scott. Please read our article on page 12 of this Odometer. In the past our Club has been featured in both editions of the quarterly "Shift" magazine as well. I would love to see more articles about our Club in both of their publications. Please ask me how to get you and your car featured.

As Nate wrote in his Notez, not too much to talk about for now, but I hope to see all of you soon at future meetings and events. The Frozen Toez Rendesvouz was one of the best events you never attended. Too bad. It was very special. Thanks Robert for hosting. See the last page of this Odometer for what's coming up. I am looking forward to spring and top down weather in our beautiful state.

FUN FACTS. I HOPE YOU CAN READ UPSIDE DOWN

WE ARE NOW MEETING ON ZOOM THROUGH APRIL 2023.

This is an article about a guy who converted a 240Z into a sport wagon. What makes it really interesting is that he did it with the assistance of Yoshihiko Matsuo who was the designer of the original 240Z. Matsuo had actually envisioned a targa-top, convertible as well as a Sport Wagon, or "shooting brake" design from day one.

After 50 Years, One Guy Built the Datsun 240Z Wagon Nissan Wouldn't

Rodrez-Writer-Marvin Recinos Photographer February 14, 2023

For over five decades automotive enthusiasts have been entirely enamored with Datsun Z-cars, from the original 240Z through the later 260Z and 280Z—and then on to the ZX models and eventually the modern Zs. The long-running, affordable sports car carries a legion of fans for each of its seven generations and restored and modified versions of its original S30 chassis are more popular now than ever. Even if you're not all that familiar with the early Z, this Datsun 240Z Sport Wagon's silhouette tells you that it's unlike any other.

MEET YOUR MEMBER ROY DAVIS

Hi. I am Roy Davis, a Z Car Club of Colorado member since the 1980's and a great Datsun/Nissan enthusiast. But that is not where my love of cars began. I started with muscle cars. Not my first, but my favorite was a blue with white stripes Chevelle SS 454. The last one I had was a horrid pea green 71 El Camino. it was very fast and acquainted me with the local Gila Bend Sheriff's Department. In 1974, a brand new Silver 260Z caught my eye. I liked the unusual sporty shape, and it handled like a race car. I drove that car well over 200K miles until 1996.

The first time I saw a 300ZX Twin Turbo was in 1989. It was the most exciting car I'd seen, and I was finally able to purchase one in 1996. From 1996 to 1998 I drove the 260Z on road race courses here in Colorado for a couple of years until I sold it in 1998. I also used that time to prepare the 300ZXTT to be able to handle road courses to come, as well as entering it in the car shows.

In 1996, I also took on the job of Motorsport Event Coordinator for the Colorado sponsored Z Car National Convention. It was very successful, and it gave me the bug to start attending many other National Z Car events and convention venues. My most recent National Convention was sponsored here, by the Z Car Club of Colorado of which I am a proud member.

In 2020, I suffered a serious heart attack and was advised to no longer continue driving high speed road courses. Since then, I have continued to show my 300ZXTT at both local and national shows. My most proud achievement was winning First Place in 300ZX modified Z Cars class at the Las Vegas sponsored National Convention.

I'm most excited to continue to avidly show my car locally and at the national level. I'm most grateful for the long-time friends I've made through the Z Car Club of Colorado and the support and care of the club and its members.

WE WOULD LIKE TO FEATURE YOU AS OUR MEMBER OF THE MONTH. What type of vehicle you own (can be more than one). Add pictures please.

LOOK WHO WAS FEATURED. NATE AND CHERYLE DERMAN

Colorado C&C Member's Ride Spotlight

- Cheryle & Nate Derman's 2010 Nissan 370Z Roadster -

Sometimes your first car you buy of a certain model or lineage isn't the last car you own in the lineup. As is the case with Nate and Cheryle and their love for Nissan Z cars. They're on their third one and I bet it won't be their last. Here's a bit on their history with these cars from Cheryle herself.

"Nate's first Z was a 1977 280Z that he owned when we met. Since the 280Z was not a practical family car, we had to sell her. We were Zless until we were empty nesters. Prior to that, in 2002 we went to a Parade Of Homes sponsored by Nissan North America. There was a brickyard red Z parked in front of one of the homes, and Nate fell in love with the Z all over again. He told me right then and there, "That's my next car!". We purchased the 350Z in November of 2002 when it first came out and joined Z Car Club of Colorado shortly after that. We loved the 350 and enjoyed driving it.

When the 370Z Roadster came out in 2009 we fell in love with the creature features and the easy access convertible top. We traded in the 350 for the 370Z Roadster in November of 2009 and still own and love her. She is a garage queen with only 19,000 miles and is in perfect condition. She has won many awards at Concours D'Elegance and Z Car Club car shows. We have taken her on some long trips with the Club and short drives on beautiful top-down days. She is completely stock except for Morimoto headlights which were replaced in April of 2021. It was a real nice upgrade to the stock headlights and makes oncoming traffic say "Wow"!"

FROZEN TOE RENDEZVOUS RECAP

Host: Bob Byrne

South Platte River Historical Society, Ft. Lupton, CO

Saturday, February 25, 2023

Though not well attended, the FROZEN TOEZ RENDEZVOUS on February 25, 2023, hosted by Bob Byrne, was an educational, and delightful event. Perfect weather graced us on the day after a week of subzero temperatures and snow. The Tallow River Trappers were warm and friendly to our small group, sharing stories and history about their passion, costumes, and trade goods. There were new replica and antique muzzle loading weapons for sale, hand forged knives and tomahawks, Hudson Bay jackets, linen clothing, and animal hide headgear to mention a few.

Don can't decide on a bobcat skin hat or fox.

Gunsmith selling his wares

There are tomahawk and knife throwing competitions during the rendezvous and Don, Bob, and guest, Tim Knaus, got instruction from a young Trapper named Chase on throwing a tomahawk. Chase started with the Trappers as a 10 year old and today at age 25 competes in both tomahawk and knife throwing events.

Tim winds up for a throw

Two trappers shopping for muskets

After about an hour and a half, we decided to head up to the fort and historical buildings to have a look despite their being closed. That stands as another story in this two part event summary next month We all went to lunch at Wholly Stromboli. The best garlic Knots anywhere!

This year's theme is: **The Evolution of the Automobile**

The theme for the 2023 Colorado Concours event will be "The Evolution of the Automobile"; and the plan is to display a broad variety of automobiles beginning with an early Ford Model T, and other antiques of that period. There will be 8 to 10 cars of various makes and models for each decade, e.g., 1900-1919, 1920-1929, 1930-1939, etc. through 1999, with a total of 80 to 90 cars. The 'Evolution' cars will be in addition to the customary display of 350 sports cars.

The 2022 Colorado Concours event featured 350 entrants and raised over \$75,000 for the charity. There will be a \$50.00 entrant fee per car, which includes 2 entry passes. Spectators pay \$10.00 per person at the entrance gate. Evolution owners should observe the registration cut-off date of May 13, 2023. Registrations on the day of the event cannot be accommodated. Reservation will be accepted on a first come, first served basis until a decade group is filled. Entrants will receive complete information and instructions no later than May 29 and are encouraged to arrive at the site between 6:30 and 8:00 am.
