*In a Flash*

I hope this finds our ZCCC Members and their families safe and healthy!

To uplift our members, we had an online Happy Hour where 20 members came together to share their experiences during this unprecedented time in our lives. Seeing everyone was so much fun! See the Happy Hour recap in this Odometer.

Next, on May 6<sup>th</sup>, we are going to have an online May General Meeting. We hope you will consider participating. Instructions on how to sign in to the meeting are in this Odometer.

And then later in May, subject to our Colorado Safer-at-Home restrictions, Nate and Cheryle Derman are hosting a food collection/drive/parade to help out those in need and to get us all out in our beautiful Z cars again. This will be an easy event to participate in while maintaining social distancing. Thank you Nate and Cheryle for providing so many opportunities for our members to keep active and keep in touch.

I encourage each of you to think about hosting a unique event whether it be virtual, a drive, a parade, a car show or a small gathering.

We will let you know if our June General Meeting will be back at Overland Golf Course as soon as we hear.

Lastly, I ventured out to Larry H Miller for an oil change (using our club discount) and to have the radio/CD player replaced (using the extended warranty I purchased from them). Everything was completed while I waited. Never once did they try to up-sell me. I wore gloves and a mask and they sanitized my car. And Judy and I are once again loving music in our 350Z with the top down.

Regards,  
Don Gordon, President

## Nissan North America Producing Face Shields For Hospital Workers

April 2, 2020 (From Techtelegraph.co.uk)

Nissan North America is stepping up to fill the need for personal protective equipment (PPE) in hospitals with the production of face masks.

By Friday, April 3rd Nissan will produce 3,000 face shields. With the combined output of Nissan's Smyrna Vehicle Assembly Plant and the Decherd Powertrain Assembly Plant in Tennessee, the company will be able to print headbands and assemble more than 1,000 shields a week.

Nissan North America is 3D printing face masks for hospital workers on the front lines of COVID-19 treatment.

The shields are designed alongside the OSHA guidelines and Nissan is working with the FDA to make sure the manufacturing requirements are up to spec so that they can deliver the face shields to hospitals soon.

"Nissan is proud to be in Tennessee and we're tapping into our spirit of innovation to help local healthcare workers who need more protective gear now," said Parul Bajaj, senior manager, Philanthropy, Nissan North America, Inc. "We're happy that our 3D printers offer the manufacturing flexibility that enable us to help protect people working in the medical community."

Nissan stopped producing vehicles at the plant on March 20th. To ensure the safety of employees

and the face shields there are a limited number of employees at each location and there are enhanced safety and sanitizing measures in place.

The Smyrna Assembly plant normally produces the Nissan Altima, Maxima, LEAG, Pathfinder, Rogue and the Infiniti QX60. The Decherd Powertrain Plant is capable of producing 1.4 million engines a year.

## How To Log-in to Zoom General Meeting Wednesday May 6th

**Due to the COVID-19 pandemic, we are unable to meet in person but we would still like to conduct our monthly meeting.**

This month we will be having our monthly meeting virtually using Zoom. Many of us have already used Zoom for some aspect of life during this pandemic, including our wonderful Happy Hour hosted on the 18th of April by the Derman's. If you have not used it before, instructions are below.

We will start with a social check-in from 6:20PM-7:00PM. Then our official meeting will begin at 7:00PM. During the social check-in everyone can speak freely and nobody has to be on mute. During the meeting we will respectfully mute everyone and will monitor the chat if you have a question. We will also save time at the end for Q and A's. :-)

### TWO OPTIONS FOR ZOOM:

**If you would like to SEE everyone, join by computer (that has a camera and a mic) or smart phone.** This allows you to see and share your screen or camera. You can select "audio only" if you prefer others not seeing you. Please test your computer camera and/or microphone when you first log in.

- Join the meeting by clicking the following meeting link: <https://zoom.us/j/97229203405?pwd=RkJ1YVBuTWp1NXpTYzRYRnVvOUpJZz09>. You will be asked to enter this meeting ID: 972 2920 3405. click Join
- If you have never used Zoom before you will be prompted to download and install the **Zoom desktop app** on your smart phone or computer. Future meetings will then just open in the app automatically. **You do not have to create a Zoom account** unless you want to host your own meetings.
- Using audio in a Zoom meeting requires you to have access to either a microphone through your computer or a telephone. Please be aware that the host can control participant audio in a meeting. Check the icons in the menu bar and the participants panel to determine your current audio setting. To test your computer microphone and speakers, click the **up arrow** to the right of the microphone icon and select **Audio settings**.

### Mother's Day Drive (Not your Z drive)

**When:** Sunday, May 10, 8:30am

**Where:** [Master Drive of West Denver, south parking lot of Bandimere Speedway](#)

**Host:** Sanders please log into zccc.org to view organizer's contact info under the Upcoming [Event section](#)

**Cost:** No Cost

This is the first drive of the season: Grab your favorite mom and the family and meet at Bandimere Speedway's south parking lot used for the Master Drive Course. We will head south to Sedalia and west to Deckers. We will be driving on a dirt road. You will have to make a decision. Do you need to be back right away? Or can you make it a little longer? Or do you want a 1/2 day drive? The choice will be yours. Or don't make a decision until you get to Deckers. We will stop briefly at Deckers to say our goodbyes to those who prefer a short 3 hour drive. For those continuing on we will head south towards Woodland Park. We will pull over briefly, again to say our goodbyes to those who are looking for a 3.5+ trip ending at Sedalia and home. For those looking for a longer route, we will be going west out of Woodland park toward Hartsel. There are multiple additional dirt road options or we can take pavement all the way home.

Here are the links to google maps with the drives. Print off your copy(s) of the route for the day.

~3 hours - [Buffalo Creek, Foxton, Conifer, Kittredge and Morrison:](#)

~3.5 hours+ - [CO Springs and back to Sedalia:](#)

~4.5+ hours – [Hartsel/Fairplay](#) or [Lake George/Jefferson](#) or [11 mile reservoir](#), this route is subject to changes depending on the groups decision.

As the drives are all a ½ day or less and social distancing guidelines in place, stopping for food will not be an option. Please bring drink, snacks and radios so we can all communicate. The dirt roads are maintained but will be dusty and weather may dictate what vehicle you decide to drive. For additional info and/or to let me know you are going, please contact us.

## Colorado Concours d'Elegance & Exotic Sports Car Show

<https://www.abilityconnectioncolorado.org/special-events/colorado-concours/>

### COVID-19 Update March 26, 2020:

The recent developments around the spread of the COVID-19 virus has caused most public events scheduled for April or May to be canceled or postponed out of concerns for public safety. The Colorado Concours d'Elegance Committee and Ability Connection Colorado team share the community's deep concerns over this outbreak, and do not want to put anyone at risk.

## EVENTS cont.

### Colorado Concours d'Elegance & Exotic Sports Car Show

If our event was taking place in the April-May time-frame, our choice would be clear. However, our event doesn't take place until mid-June, and the decision to cancel or postpone is not as clear. Since this event is a critical fundraiser for children with disabilities and other life challenges at Ability Connection Colorado, we don't take the decision to cancel this event lightly. We remain hopeful that the situation will improve by June, and that we'll be able to move forward with the event as scheduled on June 14, 2020.

We will continue to assess the situation, and we will closely monitor the latest information from the Centers for Disease Control and the Colorado Department of Public Health & Environment and will only proceed with the event if we believe we can have a fun and safe event.

We will continue to update this site as more information becomes available.

Your participation in the Concours is much appreciated and valued. Without you, this show would not be possible. If there is anything Ability Connection Colorado can do for you, or if you have any questions, please email [info@abilityconnectioncolorado.org](mailto:info@abilityconnectioncolorado.org).

Thank you and stay safe,

## ZCCC Happy Hour At Home Edition Recap

We held a very successful and enjoyable Happy Hour on Zoom. Almost everyone was able to join the meeting without a problem. There was some pre meeting tutoring but all in all it went extremely well. It was definitely a learning experience for all of us and will set a trend for future meetings and events.

Twenty One people attended plus two dogs and a cat. We shared what we have been doing for quarantainment, interesting grocery shopping experiences, fun stories and overall good will. It was so wonderful to see all the friendly faces and hear Patty's voice as she called in. It was an extremely uplifting and joyful experience and everyone agreed that it was a great idea. Please look at the picture that was captured. That is Steve Robertson under the chandelier. Not pictured are Patty Troxell and Mickey Santana.

Thank you for all who attended and we hope to see you in person or at least wearing masks and staying 6 feet apart. We miss you.  
Nate, Cheryle and Chloe

# OFFICERS/ELECTIONS

We have reached the mid-point of our fiscal year and that means we have club elections on the horizon.

[As outlined in the Constitution under article II, sections 1-4, and the By-Laws article I, sections 1-8:](#)

Below you will find the description of each of the positions. A nominating committee will need to come together in June to fill the slate of officers. The slate is presented at the General meeting in July and in August, nominations from the floor are taken. The vote will take place at the September General meeting.

## ARTICLE II - Officers and Elections

### [Section 1 - Officers](#)

The voting officers of ZCCC are the duly elected members of the board, as specified in the By-Laws. Collectively they constitute the Board. All duly elected and/or appointed ZCCC officers have a fiduciary duty to the general membership.

### [Section 2 - Term of Office](#)

The term of office is one year. President and Vice-President may not serve more than two consecutive terms in the same position. Any person appointed to the position of President or Vice-President by the Board, is deemed to have served the entirety of that term during which they were appointed, the same as if they had been elected to that position, for the purposes of term limitations regardless of when the appointment occurs. Other officers can serve any number of terms to which they may be elected. No member can be forced to run for office

A newly elected Board, in an effort to promote continuity in ZCCC, may invite the outgoing President or Vice President to serve as an additional member of the Board. That former officer will have voting privileges on all ZCCC matters, but will have no duties or responsibilities.

### [Section 3 - Nomination of Officers](#)

The President shall appoint at the general meeting in June, a nominating committee of three members to present a slate of nominations at the general meeting in July. Open nominations from the floor shall be accepted at the meeting in August. No members shall accept the nomination for or hold more than one elected office. Every May the description of each board position shall be published in the Odometer.

### [Section 4 - Election of Officers](#)

The election of officers, each of whom must receive a majority of votes cast, shall be held at the general meeting in September. If the nominated slate of officers presented at the general meeting in September is un-opposed, the Board as nominated may be elected by general acclamation. Absentee ballots may be requested in writing from the Secretary and returned to same by mail prior to the election. Absentee ballots shall not be opened until the election meeting. The Secretary will assure that any member who has sent in a marked absentee ballot is not permitted to vote in person at the September meeting. All newly elected officers of ZCCC will be installed at the Annual Meeting and Banquet in October.

# Nissan registered an old Z for the new Z

by [Máté Petrány](#) //

March 20, 2020

The [Nissan 370Z](#) is so long in the tooth that the now-13-year-old [GT-R](#) almost looks fresh parked next to it. Still, the long wait for the smaller Nissan sports car's replacement is almost over, with a Canadian trademark application filed for what appears to be [the upcoming Z's logo](#).

As [Motor Trend points out](#), Nissan may end up using a 4.0-liter version of its currently 3.7-liter V-6 in the next Z. The upcoming car should also wear the logo shown above, complete with a diagonal slash through its midsection, first seen on [the original Datsun 240Z](#) and its later evolutions.

Nissan's Z cars switched to a cleaner Z-look back in 1983, with the introduction of the Nissan/Datsun 300ZX. If this old-school Z is anything to build on, Nissan's new sports car may hit us with more retro styling, which would be an interesting contrast to the Toyota Supra's classic proportions but contemporary design.

Either way, it seems to be time to say goodbye to this Z:
