## MEET YOUR MEMBERS

### BRUCE, CHERYL AND LEO MCKENNEY

Bruce first joined the club sometime before 1992 with a membership number 07-S-277. He joined to get a discount from Wheels of Fortune, a vendor on the vendor list, who was working on his first Z a 1974 260Z. His second Z was a 1979 ZX, then a 1981 ZX T-Top and his current Z is a 1985 300zx with 85,000 miles on it. He attended a few events and drives where Cheryl attended as his guest. Our favorites were autocross races and road rallies. We then had children and were not able to be as active in the club. Once our youngest was off to college and we were empty nesters we were able to get more involved in the club again.

Cheryl has been the Club Sectary for a couple of years and Bruce has been the Historian and now the Inter-Club Liaison.

We have enjoyed the drives and variety of activities that the club has to offer. We have also enjoyed meeting and getting to know the other members of the club. Even our dog Leo has enjoyed attending many of the club events!

# ANNUAL ZCCC GENERAL MEETING AND BANQUET

## RECAP BY CHERYLE DERMAN

OCTOBER 3, 2021

Our first in person annual meeting and banquet was live and in glorious living color on Saturday, October 2, 2021 at Meadow Hills Golf Course. Forty Six members and guests attended. Some for the very first time and some members from the 1980's. The venue was exquisitely decorated with ZCCC cars and ZCON collectibles. There was a ZCON table that held member awards from ZCON and giveaways. The decorations included banners, swags and even fairy light and individual Z car class centerpieces designed by Nate Derman. Mike Rhyne created a power point ZCON presentation complete with car songs and background music.

We began the evening with socializing and then a delicious Italian buffet and a welcome message by your host, Cheryle Derman. Don Gordon, our outgoing president, led the meeting with his president's speech and birthday wishes for October. A 50-50 drawing was held for fabulous prizes including socks and a big money winner, Cheryle Derman. A summary of upcoming events was mentioned and then the active member gifts of monogrammed hats and visors were distributed. Nate and Cheryle Derman won most active members tying with 45 points.

Don Gordon said goodbye to the outgoing board. At that point Cheryle, on behalf of the outgoing board, presented a Gordon power point presentation and gave Don an outgoing presidential gift. Tiffany and Judy Gordon also presented Don with a gift for all of his extraordinary efforts for the past 2 years.

Don introduced the new board and introduced the incoming president, Nate Derman, who shared a few inspiring words.

Everyone had an amazing time and we all look forward to meeting in person hopefully in the Spring.

Many thanks to all of you who helped with set up and a very rapid tear down. Particular shout outs and special thanks to Nate, Mike, Wendy and Tiffany for all their hard work and thanks to all of you for coming.

Saying farewell to outgoing President, Donald Gordon

# Drive With the RhyneZ RECAP

**Sunday, October 3, 2021**

The first annual *Drive with the RhyneZ* took place on October 3<sup>rd</sup>. The weather for the day was great with clear skies and a cool start. The scenic drive through the mountains started in Lakewood and we drove through Golden and up Golden Gate Canyon Road. At our first stop at Tagger's convenience store we met up with another car club and information was exchanged and we enjoyed looking at each other's cars. From there we proceeded to Nederland, where we noticed a sign that told us our planned route had a road closure. So we drove a bit further and took some group pictures. We then adapted and modified the route to go back through Nederland to Boulder and returned to Golden. The fall colors were just about at their peak so it was a beautiful drive. We ended the drive with an optional lunch at the Eddy Hotel and Taproom where we all enjoyed a good lunch and great conversation. I think everyone had a great day. Thank you to all who came. Z you next year!

## ZCCC 2021 Roadtrip to Rambler Ranch

How do you describe a day at the Rambler Ranch without using cliches? It is impossible, but will give it a try.

We started out on a perfect Colorado Fall morning at the Roxborough Park Community Center for home made doughnuts, pastries, hot and cold beverages, and chit chat in front of the fireplace, before taking a drive through the community and the red rocks.

Not long into our drive, we were stopped by a small herd of mule deer who chose to, one by one, slowly cross the road while admiring our small herd of Z cars.

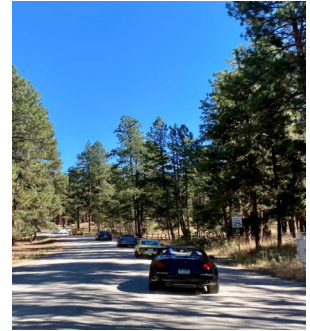

After a stop for a group photo op, it was off to Ponderosa High School in Parker, our alternate meeting site, to join up with another herd of Z cars and members. All told, 15 members made it to the ranch along with Chloe Derman, who I do not think is a member.

Terry Gale has done an incredible job creating this collection, displaying it, and cultivating the ambiance of glee that is Rambler Ranch. Thanks to all who came, it was a wonderful way to spend a day. Bob and Mariann

## Interesting Information about Rambler Ranch Vehicles by Andy Mortenson

This is a 1949 Nash model 3148 tow truck. Only about 5,000 pickup trucks were built by Nash between 1947 and 1954 and they were mainly for export markets. However, American Nash dealers could order them for their own use, and most that made it onto U.S. roads ended up as tow trucks like this one.

The gown adorning this mannequin was worn by Miss America of 1952, Colleen Kay Hutchins, who was awarded a new 1952 Nash Rambler like the ones in the foreground. Many years later, she gave the gown to her granddaughter who wore it to her high school prom. Interestingly, Miss Hutchins married Ernie Vandeweghe and had three children one of whom was Denver Nuggets star, Kiki Vandeweghe.

This is a 1953 Nash Rambler "Rail Top" convertible like the one driven by Lois Lane in the old superman TV series.

This is a 1951 Nash Healey convertible like the one occasionally driven by Clark Kent in the old superman TV series.

## Brake Lights: Why Are They Red? By Bob Byrne

While we were touring the Rambler Ranch collection, the question was asked, “why are brake lights red?” Without a solid answer forthcoming, I decided to investigate.

First, a little information about the color red. It is a primary color, RGB. It is one of the first colors created by humans and has been used to denote heat, sin, sex, passion, anger, war, power, and danger. It is the color best seen in the dark by the human eye and at the greatest distance of any color. It is also a favorite color in nature for mating display to stop a potential mate in her tracks or to tell predators, stop, do not eat me, I am dangerous.

In regulatory parlance, the stop lamp is the correct name, though we all call them brake lights. In the early days of automobiles in Great Britain, a person waving a red flag had to precede the automobile down the road to warn horse drawn vehicles of the approaching machine. (By the way, both my Irish grandmothers called cars “machines” when referring to them.)

Drivers used hand signals to indicate turns and stopping before lights began to appear on cars. The actual brake light began to appear on cars in 1905 allowing automobile owners to drive their cars at night. The brake light was originally manually activated to signal the intent to turn or stop. By 1928, it was the law in 11 US states that cars had to have brake lights.

The third brake light was introduced in 1974 as the result of a 10-month study on driving attention by psychologist John Voevodsky. He attached a third brake light in the back window of 343 taxi cabs in San Francisco. At the conclusion of his study, it was shown that rear-end collisions were reduced by 60.6%. Drivers were better able to react to the car in front, slowing down with the third brake light closer to eye level.

Lighting on automobiles is subject to country-by-country regulation ad nauseum. Shape, color, location, intensity, and type of bulbs vary by design. The most consistent requirement of the brake light is when activated, it is always red and always brighter than any surrounding lamps.

### Z-licious Cornbread Casserole

When: Saturday, November 13, 2021 at 3pm

Where: [Zoom Link](#) (Click on this link to enter the meeting)

Cost: Free (just price of ingredients)

Host: Tiffany Gordon

It's officially Fall. Pumpkin Spice Lattes are in the air, scarves are being unboxed from the closet, and jackets are being dusted off. November can be a slow month for events due to unpredictable weather, so it is a great time to do a virtual cooking event amongst Z enthusiasts. You may be in need of another delicious side dish to bring to your Thanksgiving meal and this is it.

On Saturday, we will join together on Zoom to make Cornbread Casserole. Imagine a creamy, but firm cornbread that's slightly sweet and 100% z-licious. What you will need for this super "healthy" side dish: 1 stick of butter, 1 can of corn, 1 can of creamed corn, 1 box of Jiffy Cornbread Mix, 1 cup of sour cream, 2 eggs, 1 4oz can of mild green chiles (optional), a round casserole dish or square 8x8 pan, and cooking spray. Hope to Z you there with your z-riffic apron!

## HAVE YOU SEEN THIS 260 2+2?

I am looking to find out if our 260 2+2 still exists and might possibly be for sale. My wife purchased it new in Denver. After our first child was born in 1979 we sold it to purchase a car big enough to hold a car seat. Several years later I purchased it back for her, had new front fenders installed and it repainted the original gold color. We then sold it again when transferred to Germany in 1989. I saw it on the road in Denver in about 1993. It was still wearing the American Racing wheels and a rear window louvered shade. It has an after market sun roof. I have not yet located the vin. If anyone has any information I can be contacted at [dangaddy@msn.com](mailto:dangaddy@msn.com).
