Goodbye and time for another transition. This time it is to a kinder and gentler and non-political world of ZCCC, as I and the Club was told in a mean and accusatory manner. The new Board will have to fill the positions of VP and Interclub Liaison. Choose well. I tried to leave the Club in better shape than it was in two years ago after a year of no leadership (thru no fault of the President at the time) or action and in some ways I may have, but C'est la vie, (or perhaps it's Say La Vie according to Google), I did my best but maybe I shouldn't have taken President again because I take matters too seriously while others around me were less serious.

your number's in your wallet,

There is a proposed amendment to the Constitution that will come up for discussion and a vote at the November meeting. I urge all of you to be there for what I am sure will be a deep and spirited exchange of ideas. This proposed amendment has to do with active member points and the manner in which notice must be given to the membership of ZCCC for a proposed event to become "sanctioned" or in other words, if you attend this event you become eligible for Active Member Points. At present the only acceptable method to have an event determined to be "sanctioned" is by tendering an article about the event to the VP who clears the date, and then the article is forwarded to the Odometer Editor for publishing in the Odometer and the publishing of the event must be at least 15 days in advance of the event. The purpose of this proposed amendment is to allow publication/notice by using FaceBook or the website. I hope that everyone who wants to speak gets at least the same 30 seconds previously used for a campaign speech. Notice to the Club is one issue, but I've come to believe that the real problem is the concept of Active Member Points.

*"I was cruisin' in my Stingray late one night
When an XKE pulled up on the right
He rolled down the window of his shiny new

And challenged me then and there to a

fine
Let's come off the line now at Sunset and

But I'll go you one better, if you've got the
nerve
Let's race all the way to Dead Man's Curve"*

The concept of Active Member and Most Active Member was created by a past ZCCC Board of which I was a member. No, I don't remember the year. The purpose was to encourage our members to be more active and attend more events by awarding a point to every member that attended the event, including monthly meetings. The object is to accumulate enough points, 15 to be exact, to qualify for an Active Member award. I'm sure you all know the rest of the rules associated with Active Member Points, and if you don't you can look it up in the Constitution and By-Laws of the Club. "Events" is the last section of the document at page 16. Active Member Points wasn't a bad idea at the time. However, the concept became adulterated when a contingent of the Club wanted more points for multi-day events and the Board, which I was still on, caved in and made changes to the Constitution to allow multiple points for multi-day events. The decision to do this has resulted in more rules and guidelines and semi-arbitrary decisions as to how many points to award to members that attend certain specified events. In retrospect I think this was a mistake.

When the Board approved more points for multi-day events, I believe that's when the concept and practice of Active Member Points took on a life of its own and so much for attending events for the sheer joy of camaraderie and driving our cars. I had thought the purpose of active member points was clear: Come on out and attend events for the joy of it and the Club will give you some little trinket at the Annual Banquet though rarely has the Active Member Award been just a trinket. Each year the VP tries to find something nice, not too expensive and usually useful, to give out as awards, but each year I hear that someone (This word is used as a general and generic term and not meant to single out any one person) isn't happy with the award or doesn't find it useful or attractive to them. Just shows you can't please everyone. I recall one year that the awards were quite expensive and I don't recall anyone being less than satisfied that year but I really don't know what that says about the members: Maybe nothing. But I believe that Active Member Points was an interesting experiment but it has not succeeded in its purpose and should probably be eliminated rather than be given a greater life than it has now.

your kind of love is hard to hold*

can't say I didn't try*

It well could be that I tried too much

*And that's why you're leaving but honey lots

*Now you want love and a big gold mine well
that combination is hard to find*

*Cause money don't always walk with luck
but you can go looking and honey lots of

Well lots of luck and a big goodbye...

Well honey lots of luck

----- Ernest Tubb

Active member points and the awards/gifts that go with it have lost their purpose and are not accomplishing what the plan was to accomplish. Attendance at the Annual Banquet is at an all time low and if that isn't demoralizing I don't know what is. On top of that, the points program has become the be-all and end-all of the job duties of the VP, not leaving time for something constructive like growing the membership of the Club. I think it's time to drop the Active Member program all together. Think about the money it will save the Club and all the time it will free up for the VP to do something constructive like marketing. If our members don't want to participate without a reward for doing it, then maybe this Club has run its course. I tried to grow the membership but I did not succeed and I regret that. There is so much more we could have done and didn't. I didn't know what to do with the limited ideas I had on the subject and no one who does know what to do has stepped up to help despite many appeals and calls for someone to help. I thought that we could use our partnership with ZCCM Magazine to accomplish something but I didn't/ don't have the ability to exploit that opportunity. Yes, there are ways I failed the Club but I tried. If the Club is going to survive it's going to have to change and attract younger members who are going to make changes us old farts won't favor but will be necessary. However, at this time I don't believe that Active Member Points are the way to do it.

As the next and last lyrics infer, I'm retiring from active service and I'll see how things look from the cheap seats.

I do want to thank the volunteers who have given so much to the Club and I hope they feel rewarded by the efforts they have put forth.

I now end my last lengthy, though I feel well written, President's Column.

*So long, farewell, auf Wiedersehen, good night
I hate to go and leave this pretty sight
So long, farewell, auf Wiedersehen, adieu
Adieu, adieu, to yieu and yieu and yieu*

Don Gordon

Here is the reason I believe the amendment should be made...

Today, as an example, is August 16, 2019. I have an event I want to host. I send the event description electronically to the Vice President who approves it the same day.

According to the current Constitution under Sanctioned Events, the event must be posted in the Odometer for a minimum of 15 days. The cut-off for the September Odometer was August 15, 2019. That means this event will not make it into the September Odometer and will not be posted until the October Odometer. Then the earliest the event can be is on October 15, 2019.

That means the event cannot occur until 60 days from today. I believe 15 days is a sound amount of time so that our members can be informed about and plan for an event. But I believe 60 days is an unreasonable and unnecessary amount of time to have to wait.

The Z Car Club of Colorado has many approved ways in which to inform members about an event and I believe we should allow them to be used in addition to the Odometer.

Constitution Committee Member: Andy Mortenson

Here is the reason we require 15 days notice:

The club used to require 30 days notice. The reason this much advanced notice was required in the first place, was so members would have time to plan their attendance and participation. An extreme case would have been one in which an event could be scheduled so it falls the day after the Odometer comes out.

As far as Don's proposed wording for Article III, Item 1. I'd be O.K. if it read "All sanctioned events must be posted in at least two of the following approved ZCCC platforms for at minimum 15 days". That way if Facebook is used, than it would have to be posted on the website or the Odometer as well.

Constitution Proposal

Constitution Committee Member: Ira Sanders, President

Don is describing an extreme example of a situation which has yet to ever occur and result in the denial of sanctioned event status to anyone who has wanted to put on an event. This is a backdoor argument to try to get around prior Board decisions to not make FaceBook a valid method of notification of an event to the Club members which I, AND prior Board members believed would open the process of obtaining participation points to abuse. Additionally, and possibly more importantly, a number of members do not use FB and would not install it on their computer for a variety of reasons.

Don also proposes using the website to give notice of upcoming events. This method also puts the burden on the club member to seek out the website just to see if there are any events they don't know about. I feel this is an undue burden on the member just as FB is.

Notification through the Odometer as the official communication device of the Club, gives all members notice of upcoming events at the same time and with minimal effort on the member's part. They read the Odometer and the event is there in black and white and they don't have to go searching out **2** other sources **just in case** there happens to be an event listed somewhere other than the official communication method of the Club.

As for Don's extreme example, a similar situation did arise and the event was included in the Odometer and became a sanctioned event in accordance with the existing rules and guidelines and everyone has received notice of the event in accordance with the rules of the Constitution.

Constitution Committee Member; Tammy Sanders, Editor

I question what happens if the club witnesses abuse or no one shows up to the event for a multitude of reasons as a result of not being required posting in as many documents as possible? Events are posted in the Odometer and talked about at meetings. Members know about events through the website, but it is the Odometer that provides the greater detail of information. The Odometer comes out both in a web version, PDF or paper copy. I know that no where in the Constitution does it state that the Odometer is the official source for dissemination of club business, news and events, since the club was formed in 1983, the Odometer has acted as such a device.

Thank you to

This year's ZCCC Annual Banquet will be at Cinzzetti's Italian Buffet in Northglenn. The board believes the costs for dinner is very reasonable, and will not be subsidizing a portion of the meal as they have the past few years. The event begins with socializing at 3:00 pm followed by brief board reports, announcements, outgoing, install your new 2019/2020 board and of course dinner.

Buffet: consists of 8 stations:

Parmesan, Rotisserie, Tavola Calda, Salad/

ZCCC Autocross and Car Show

When: Saturday, October 12, 2019 start 9 am

Where: [Arapahoe Park Horse Track: 26000 E Quincy Ave.](#),
Aurora, CO 80013

Host: Travis Scott

Cost: \$25-\$50 dependent on number of participants

Deadline: None

This is a club event to experience autocross, and is open to other car clubs and auto enthusiasts. Primarily the goal is to have a safe fun environment to perform an autocross timed event.

It is a great event for members regardless of driving skill and your cars performance level. It will be a timed short, small course full of twists and turns that will test proper braking and the vehicle's handling. Let's take advantage of the fun our Z's are capable of. A mistake may cost you to possibly need to buff out cone marks but no crashing into a wall or landing on rocks. Helmets are required and there will be a waiver to sign to participate. Helmets, closed toed shoes, long pants and long sleeves are required to be worn during your time on the course. Extra helmets will be available if you don't have one. I encourage everyone to invite spectators and other car enthusiasts. There will be enough space for cars to stage and more to show them off for those not out on the course. I think this will be good for the club to get our name out there and show we can autocross with the best of them.

Current projections for member costs is based on the number of people that have shown interest in participating. Right now its projected to be \$25-\$50 per person. The more participants we have, the lower the cost per person. I'm trying to get vendors so we have something to eat and drink. I'm looking to setup a tent with water and stuff for club members.

What is Autocross and What To Expect

From Wikipedia <https://en.wikipedia.org/wiki/Autocross>

Autocross (also called "Solo", "Auto-x" or "Autoslalom")^{[1][2]} is a timed competition in which drivers navigate one at a time through a defined course on either a sealed or an unsealed surface. It is a form of [motorsports](#) that emphasizes safe competition and active participation. Autocross differs from [road racing](#) and [oval racing](#) in that generally there is only one car on the track, driving against the clock rather than other cars. As an entry-level motorsport it provides a stepping stone for drivers looking to move into other more competitive and possibly expensive forms of racing (such as rallying, [rallycross](#) and circuit racing).

Autocross courses are typically one to two kilometres long and tend to place demands on [car handling](#) and driver skill rather than on engine power and outright speed. Courses may be temporary and marked by [traffic cones](#) or be permanent tracks with approval by a motorsport body.

Events typically have many classes that allow almost any vehicle, from economy sedans to purpose-built racing cars, to compete. Due to the nature of a typical track, speeds can be slower when compared to other forms of motorsports, usually not exceeding highway speeds, but the activity level (measured in discrete turns per minute) can be higher than even [Formula One](#) due to the large number of elements packed into

Autocross events are typically held on flat, paved surfaces such as parking lots or airport tarmacs, and usually have a new course for each event, marked by traffic cones.

Autocross is one of the most accessible and affordable forms of motorsport, and autocross events are open to novices. Because autocross events use rubber traffic cones to define the course, and are typically run on paved surfaces with few obstructions, the hazards and barriers to entry are low. While speeds are generally no greater than those encountered in legal highway driving, the combination of concentration and precision maneuvering gives drivers an experience similar to that of a full [road course race](#).

Drivers must navigate a series of turns defined by traffic cones. Competitors range from casual participants driving their commuter vehicles, to dedicated competitors driving purpose-built cars with special tires. There are classes accommodating varying degrees of car modification, as well as classes specifically for women.

Many events are open to spectators. Many local car clubs offer autocross novice driving schools to help drivers feel comfortable before a regular event.

The SCCA National Championship is held in September in the midwest. Currently (2019 and prior) held in Lincoln, Nebraska. Entries are in the range of 1200 drivers. The event takes place over 4 days with half the drivers competing on the first two days and half the last two days. Two different courses are driven with winners determined by combining best times from both courses. It is considered the largest amateur motorsport racing event in the world.

Baklava

This baklava is flaky, crisp, tender and perfectly balanced with the honey-lemon syrup. This homemade baklava is so much better than any store-bought version.

Ingredients

16 oz phyllo dough thawed by package instructions
1 1/4 cups unsalted butter 10 oz or 2 1/2 sticks, melted
1 lb walnuts, finely chopped (about 4 cups)
1 tsp ground cinnamon
1 cup granulated sugar
2 Tbsp lemon juice of 1/2 lemon
3/4 cup water
1/2 cup honey
Melted chocolate chips & chopped walnuts for garnish
optional

Prep Time: 1 hour
Cook Time: 1 hour 15 minutes
Total Time: 2 hours 15 minutes

Cost to Make: \$18-\$20
Calories: 255 kcal
Servings: 30 pieces

Prep:

1. Thaw phyllo dough by package instructions (this is best done overnight in the fridge, then place it on the counter for 1 hr before starting your recipe to bring it to room temp).
2. Trim phyllo dough to fit your baking dish. My phyllo package had 2 rolls with a total of 40 sheets that measured 9x14 so I had to trim them slightly. You can trim one stack at a time then cover with a damp towel to keep from drying out.
3. Butter the bottom and sides of a 13x9 non-stick baking pan.

Start with your honey sauce (which needs time to cool as baklava bakes).

1. In a medium saucepan, combine 1 cup sugar, 1/2 cup honey, 2 Tbsp lemon juice, and 3/4 cup water. bring to a boil over med/high heat, stirring until sugar is dissolved, then reduce heat to med/low and boil additional 4 min without stirring. Remove from heat and let syrup cool while preparing baklava.

How to make Baklava: Preheat Oven to 325 F.

1. Pulse walnuts 10 times in a food process or until coarsely ground/ finely chopped. In a medium bowl, stir together: 4 cups finely chopped walnuts and 1 tsp cinnamon.
2. Place 10 phyllo sheets into baking pan one at a time, brushing each sheet with butter once it's in the pan before adding the next (i.e. place phyllo sheet into pan, brush the top with butter, place next phyllo sheet in pan, butter the top, etc. etc.). Keep remaining phyllo covered with a damp towel at all times. Spread about 1/5 of nut mixture (about 3/4 cup) over phyllo dough.
3. Add 5 buttered sheets of phyllo, then another layer of nuts. Repeat x 4. Finish off with 10 layers of buttered phyllo sheets. Brush the very top with butter.
4. Cut pastry into 1 1/2" wide strips, then cut diagonally to form diamond shapes. Bake at 325 F for 1 hour and 15 min or until tops are golden brown.
5. Remove from oven and immediately spoon cooled syrup evenly over the hot baklava (you'll hear it sizzle). This will ensure that it stays crisp rather than soggy. Let baklava cool completely, uncovered and at room temp. *For best results, let baklava sit 4-6 hours or overnight at room temperature for the syrup to penetrate and soften the layers. Garnish baklava with finely chopped nuts or drizzle with melted chocolate. Store at room temp, covered with a tea towel for 1 to 2 weeks.*

Recipe Notes Here's the order of the Baklava Layers:

10 buttered phyllo sheets, 3/4 cup nut mixture,
5 buttered phyllo sheets, 3/4 cup nut mixture,
5 buttered phyllo sheets, 3/4 cup nut mixture,
5 buttered phyllo sheets, 3/4 cup nut mixture
5 buttered phyllo sheets, 3/4 cup nut mixture
10 buttered phyllo sheets and butter the top.

Drive to Colorado's Eastern Plains

We could not have asked for a better weekend to hit the open road. Afternoon thunderstorms moved off to Kansas before dropping their precious water vapor. With comfortable temperatures on Saturday and Sunday morning, we had fun searching for old cemetery head stones, looking for a GEO caches. There was no shortage of old farm equipment, even an old gas station and lots of history to read. I want to thank everyone who participated, I had a great time. In a few months I will spin the bottle and see what direction it takes us next year. Thanks for coming along, Tammy.

MABC 2019 Auto Show

The 7th annual MABC Car Show kicked off with a hot breakfast of pancakes and bacon on a cool clear Saturday morning at Mississippi Avenue Baptist Church in Aurora. An amazing variety of classic and collector cars, trucks, and motorcycles arrived throughout the morning until the lot was filled with over 100 vehicles registered. ZCCC was very well represented with eight cars and 14 members in attendance. To top it all off, new members, Michael and Deborah Ramirez, won first place in the Import Class with their beautiful Datsun 1600 roadster. I want to thank all those who attended the show and I think everyone present had an enjoyable day.

CONSTITUTION of the Z CAR CLUB OF COLORADO

ARTICLE I - General

Section 1 - Name

The name of this organization shall be the Z Car Club of Colorado, Inc., also referred to as the ZCCC. Individual Chapters of ZCCC shall be named in accordance with the wishes of the members of each chapter.

Section 2 - Purpose

The general purpose of ZCCC is to promote activities of common interest to Datsun & Nissan enthusiasts, safe and skillful driving, and camaraderie among Datsun & Nissan Z car owners.

Section 3 - Meetings

Each Chapter of ZCCC shall meet regularly once each month on the day and at the time provided in these Standing Rules. The Board of Directors of ZCCC, hereafter referred to as the Board, for good cause, may change or cancel regular meetings.

ARTICLE II - Officers and Elections

Section 1 - Officers

The voting officers of ZCCC are the duly elected members of the Board, as specified in the By-Laws. Collectively they constitute the Board. All duly elected and/or appointed ZCCC officers have a fiduciary duty to the general membership.

A group of members in good standing may form an Associate Chapter at any time and may elect an individual to represent their Chapter at the monthly Board meeting. At the time a Chapter has a group of ten or more ZCCC members in good standing and meet monthly as a Chapter, that elected individual will become a voting member of the Board.

Section 2 - Term of Office

The term of office is one year. President and Vice-President may not serve more than two consecutive terms in the same position. Any person appointed to the position of President or Vice-President by the Board, is deemed to have served the entirety of that term during which they were appointed, the same as if they had been elected to that position, for the purposes of term limitations regardless of when the appointment occurs. Other officers can serve any number of terms to which they may be elected. No member can be forced to run for office

A newly elected Board, in an effort to promote continuity in ZCCC, may invite the outgoing President or Vice President to serve as an additional member of the Board. That former officer will have voting privileges on all ZCCC matters, but will have no duties or responsibilities.

Section 3 - Nomination of Officers

The President shall appoint at the general meeting in June, a nominating committee of three members to present a slate of nominations at the general meeting in July. Open nominations from the floor shall be accepted at the meeting in August. No members shall accept the nomination for or hold more than one elected office. Every May the description of each board position shall be published in the Odometer.

Section 4 - Election of Officers

The election of officers, each of whom must receive a majority of votes cast, shall be held at the general meeting in September. If the nominated slate of officers presented at the general meeting in September is un-opposed, the Board as nominated may be elected by general acclamation. Absentee ballots may be requested in writing from the Secretary and returned to same by mail prior to the election. Absentee ballots shall not be opened until the election meeting. The Secretary will assure that any member who has sent in a marked absentee ballot is not permitted to vote in person at the September meeting. All newly elected officers of ZCCC will be installed at the Annual Meeting and Banquet in October.

In the event of a tie, the ballots shall be recast with only those active members present at the meeting voting, until the tie is broken.

ARTICLE III - Amendments to the Constitution and By-Laws

The Board of the ZCCC or a member in good standing, by written proposals submitted to the Secretary, may propose an amendment to the Constitution and By-Laws. Upon such proposal being made, a copy thereof shall be included in the next Odometer, electronically transmitted or mailed to the general membership and then handed out at the next general meeting. Copies will be made available to those unable to attend. Voting shall be controlled by the same rules relating to the election of officers, except that no absentee ballots will be allowed. If a majority of the members at the next general meeting vote in favor of the proposal, the amendment shall thereby be adopted.

The Board of the ZCCC or a member in good standing, by written proposals submitted to the Secretary, may propose an amendment to the Rules of Order. Upon such proposal being made, a notification of a vote upon such proposed change shall appear in the next Odometer and a vote will be taken at the next general meeting.

The Board of the ZCCC or a member in good standing may propose an amendment to the Standing Rules at any General Meeting. Upon such a proposal being made, a discussion will be held and a vote will be taken.

ARTICLE IV - Liability

Section 1 - Personal Liability

All persons or corporations extending credit to, contracting with, or having any claims against the ZCCC, shall look only to the funds or property of ZCCC for payment of such contract or claim, or for payment of any debt, damage, judgment, or decree or any other money that may become due or payable to them from the ZCCC so that neither the members or officers, present, past or future, of the ZCCC shall be liable personally therefore.

Section 2 - Financial Liability

Any officer or member who financially obligates the ZCCC in violation of provisions outlined in the ZCCC By-laws will be held personally responsible for such debt.
